Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

	English Language Arts (ELA)		Math		Science

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Our special education staff is participating in the training for the State's new system for writing Individual Education Plans - CT-SEDS. This training is providing a an opportunity to recalibrate our district's consistency with the Planning and Placement Team process as well as other tiered intervention services.

All staff have continued training and other efforts to utilize tiered instruction and assessment with struggling students before engaging in the special education process.

We actively monitor student attendance and send communications to parents regarding those concerns.

Parents are often invited to serve on several school committees including climate and safety. They are also often included as members of our staff hiring committees. Additionally, parents take an active role in organizing and planning field trips and activities for the 8th grade graduating classes.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Through literature, social studies, and the social-emotional learning curriculum, students were.exposed to information about different cultures, customs, and traditions, helping them to understand both the diversity and commonalities represented in the community and the world.

With the use of state and federal grants, Fields Memorial School was able to ensure that every student had access to a device, charger, and wifi. A variety of uses for this technology in the classroom and beyond are evening the playing field for all students regardless of economic circumstances.

Equitable Allocation of Resources among District Schools

Bozrah has only one school in the district. FMS is a PK-8 school with approximately 163 students. Secondary students attend surrounding high schools on a tuition basis. All funds provided through the annual budget process, grants, & donations go directly to the operational & educational costs of FMS. Our district-funded interventionist positions have helped to ensure that all students' needs are being met - focusing on the efforts to recover from COVID learning loss.
