Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Graduation Rate Gap	.	.	.	.	

¹If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

²If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

Narratives

School District Improvement Plans and Parental Outreach Activities

Colebrook Consolidated School continues to work with other neighboring districts to provide a common curricular experience for students as they proceed onto the local regional school district. A new math program has been piloted. New science materials are supporting the implementation of the Next Generation Science Standards. Intervention opportunities exist in the areas of reading and mathematics. Various assessment tools are utilized to identify students who would benefit from additional support and small group instruction. A math interventionist and a reading consultant provide additional instruction where needed to support skill growth. All students K-6 have access to a Chromebook throughout the school day. Google Classroom and many other apps are available to aid in learning and work production.

Parents are provided the opportunity to communicate with their child's teacher through email, phone calls and in-person. Parents participate in the report card conferences where there is the opportunity to discuss ways to assist their child at home and to support nightly reading. Weekly newsletters are distributed that promote school and community events. The principal and teachers actively participate in monthly PTO meetings and attend events as able. The nurse worked closely with parents and was a resource as they maneuvered through the COVID pandemic and were in need of information and materials. A full-time psychologist works with parents needing assistance with concerns that impact their child attending school on a regular basis. Parents volunteer in the library and help out with other school activities.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Colebrook School is a small school located in a rural section of Connecticut. Students participate in food drives and collections for those less fortunate, whether they live in Colebrook or a nearby community. Through the recreation department, children are able to participate in sporting events where they meet children from surrounding towns. Enrichment programs are held with a neighboring district twice a year. Colebrook students visit the senior center for breakfast or lunch and an activity as a way to interact with older members of their town. The Grade 6 class attends an overnight outdoor-education program. There are other schools at the site the same week, providing children with the chance to get to know and interact with a more diverse population than those attending Colebrook School.
