Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

It is the mission of Coventry Public Schools to create an environment that prepares students for life, learning and work in the 21st century. We are an exemplary learning community that supports innovation and is committed to challenging all learners. A continuous district goal, and one that is woven into all schools' improvement plans, is to recruit, retain, and develop high quality staff at every level. Professional Development for Pupil and Staff Support Services (PSSS) focused on the roll out of the new Connecticut Special Education Data systems for Individual Education Plans (IEP) and 504 Accommodation plans. As a result of grants awarded to Coventry by the Connecticut State Department of Education Bureau of Special Education, staff began training during the summer months to learn the new format of the IEP. Training, not only in the intricacies of this new system, but how to develop IEPs in the system has continued throughout the school year. In addition, a team of reading consultants provided PSSS members with training on Dyslexia to deepen their knowledge of the symptoms of dyslexia in order to provide the appropriate interventions. Special educators joined general education teachers in review of differentiation to ensure all students have access to grade level curriculum. Related Services members, along with teacher volunteers participated in Learner Engagement and Attendance Program (LEAP) Parent Teacher Home Visit training with EASTCONN. While staff conduct home visits, the participants learned to establish a clear purpose, procedure, and goals of home visits as the purpose may vary. The purpose for LEAP home visits is to foster positive connections between the student/family and school. Para educators were provided 18 hours of professional development this year on topics such as: CPR/First Aid, ABA & DTI, Differentiation, Differentiated Technology, Diversity, and online training provided by Vector Solutions. Staff new to the district engaged in a three day New Teacher Orientation that focuses on district practices, procedures, and initiatives. Coventry Public Schools continues to provide a continuum of services. Hale Early Education Center, fully accredited through the National Association for Education of Young Children (NAEYC), provided high quality preschool education for all students. Programming for students with intensive needs K-12 continues to expand with high quality staff. Coventry's RISE Program for students 18-22 prepares students with daily living and vocational skills needed for success in life. Additionally, Coventry Academy, Coventry's alternative high school, provides students with superior social, emotional, behavioral and academic support. Parent and community involvement continues to be a priority of Coventry Public Schools. Schools' staff engaged parents in orientation meetings, open houses, parent-teacher conferences, speakers and parent meetings. Students engaged their parents in school with Student Led Conferences across the district, the Sophomore Project and Senior Portfolio Night at Coventry High School.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Coventry Public Schools is committed to providing opportunities for students and teachers to increase awareness of diversity and to show greater sensitivity regarding differences. The faculty and staff have established a variety of programs that celebrate racial, cultural, economic, and ethnic diversity. During the 2022-2023 school year, Coventry High School hosted multiple guest speakers from the NAACP Dream Big project. CHS supported clubs such as International Travel, Albert Schweitzer, and the Gay Straight Alliance, offering support and awareness of diversity. The Social Studies and ELA curriculum were designed to discuss and bring awareness to a variety of social and economic issues throughout the US and the world. At Coventry Academy, staff attended training on reducing disparities for students involved in alternative education. Students read and responded to a variety of texts that examined the themes of class, racism and culture. The Social Worker from Coventry High School conducted lessons with students to address equity and tolerance. At Capt. Nathan Hale School, Grades 6 & 7 participated in diversity discussions. The Grade 7 ELA team taught an African American historical fiction unit. Grade 8 taught a unit on autism and one on World War II. At G. H. Robertson School, the culturally relevant pedagogy committee developed resources to support educators in recognizing traditionally underrepresented populations. GHR implemented the Second Step Social Skills curriculum. Students in Grade 5 participated in EASTCONN's Faces of Culture Interdistrict Cooperative grant. Coventry Grammar School continued their second year of the Open Choice program. They presented monthly literature displays focusing on Black History, Hispanic Heritage, and Women's History. Staff members participated in year one of the District Equity and Diversity Committee. Hale Early Education Center received two grants which made it possible for financially needy families to send their children to preschool. They also participated in various outreach activities including support for Youth Services and Social Services programs and virtual library story times. Staff participated in equity training throughout the year with the goal of becoming an anti-bias early childhood center.

Equitable Allocation of Resources among District Schools

Coventry Public Schools is committed to issues of equity throughout all subsystems of the organization. The administration has established a site-based budgeting procedure and budget development practice that ensures equitable allocation of resources among district schools. Categorical expenditures are analyzed on a per pupil basis and discrepancies are addressed through the budget revision process. Contractual language sets the basis for staff allocations that are consistently implemented across the district. Through the dedication and involvement of parent groups, various faculty committees, and the Board of Education, issues of equity and resources are addressed.
