Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

School District Improvement Plans and Parental Outreach Activities

Kent Center School has finalized the Strategic Plan for School Improvement to begin in Fall 2023. This plan clearly outlines the school's mission and improvement initiatives. The initiatives are broken down into a table that outlines the strategy, theory of action, area of focus, and concentrated professional development plan for the school year. The professional development plan will be revised each year to address the needs of the school.

For the 2022-2023 school year, we started the year with 194 students and finished with 195.

Region One School Shared Services provides special education services to our school. Through shared services, we provide Speech and Language Services, Occupational and Physical Therapy, and counseling services to those students whose IEP's require it. Special Education students receive individual support as noted in their IEP or 504 plan. The Special Education team meets weekly to discuss individual cases, review new referrals, and other special education policies and procedures. Professional development is provided on specific topics as necessary to our special education personnel.

The Student Support Team consists of reading and math interventionists, the school psychologist, and classroom teacher(s). This team meets regularly to discuss students who are referred for academic and behavioral concerns. The team collaborates to create a plan to address student needs and challenges. The plan is created based on teacher observation, and student data. Teachers reach out to parents with concerns, as well as keep them posted on the SST process and their child's progress. Students are discussed at monthly data team meetings to assess progress, SST referrals, and the need for intervention or additional support. This year, both of our interventionists use the FastBridge assessments, and other content-based resources to guide their interventions.

Truancy is addressed with a clear absence and tardiness policy given to parents at the beginning of each school year in the Student Handbook and can also be accessed on the school website. Families are invited to discuss how the school can support their child to enable regular attendance.

At Kent Center School, we engage families in student learning in a number of ways- Open House night, Grandparents Day, Parent/Teacher and Student-Led Conferences, Field day, and more. Teachers communicate with families using two platforms- SeeSaw in grades K through 2 and Google Classroom in grades 3-8. Parents can log on to these platforms to view student work, teacher feedback, and other necessary information related to their student's education. In grades 3-8, parents are able to use PowerSchool to track their child's academic progress, as well as communicate with teachers when they notice missing assignments or a major change in their child's grade. Parents are sent regular communication by teachers to help them support student learning outside the classroom.

We have a very active PTO. They sponsor events and fundraise money for schoolwide programs and activities including opening-day popsicles, field trips, 8th-grade trips, and more. This year, the PTO held fundraisers including penny wars, a cookie dough/pie fundraiser, and two book fairs.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Kent Center School continues to offer multiple programs that promote a positive and safe school community. Second Step, a nationally recognized program that is used to teach students about empathy and effective communication skills. Through the process of learning how to understand others' perspectives, the goal of the program is to help students develop tolerance and compassion towards others to successfully work in groups and problem solve in a positive and proactive fashion. This program is taught in Kindergarten through fifth grade. Students in grades 6-8 participate in advisory classes with the school counselor. The activities that occur during advisory class are designed to help students make healthy, informed decisions about their health and wellness, as well as strengthen their social skills to solve problems, resolve conflicts and disagreements and work successfully with others regardless of differences. Throughout the school year, there will be facilitators from three agencies who will be joining our virtual advisory class to implement various intervention programs.

Our middle school students take trips to New York City and have access to places such as The Museum of Natural History, and the National September 11 Memorial and Museum. The arts are an integral part of our community and are an important part of our town's history. As a result of this, the art teacher works very closely with local art galleries, Kent Historical Society, and other organizations to give our students as much access as possible to the arts. Students in 7th grade attend a week-long camp called Nature's Classroom. During this time, they participate in activities that promote confidence, teamwork, and positive risk-taking. We also hold assembly programs throughout the year that provide students with a cultural awareness of other cultures that they have not experienced firsthand to better understand them.

Our school and regional EL program focus on ways to help EL students successfully integrate into the classrooms and help to communicate various aspects of the students' cultures that need to be recognized and honored. The Regional EL coordinator works with our Reading Interventionist to track progress of EL students, administer annual assessments, and support teachers.

Equitable Allocation of Resources among District Schools

Kent Center School is part of Regional School District One, however, is the only school in the Kent District. The school has its own Board of Education that develops an education budget, which the town approves annually. After eighth grade, 20-30% of students attend the regional high school, Housatonic Valley Regional High School, while the others attend private schools. In a shared budget, we support a central office and a regional pupil services department. Kent Center School is staffed with appropriate personnel, based on student population and needs. Kent is a very generous community, and the school enjoys up-to-date technology materials, textbooks and supplies, and a well-maintained facility.

We continued to utilize our grant monies from the ESSER grants and American Rescue Plan. These funds were allocated to each school with requirements on spending categories. The spending plan that was set up by a committee when the grants were dispersed post-COVID has been carried out by the Principal, Facilities Manager, and other staff members.
