Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Litchfield School District

Narratives

Litchfield Public Schools continue to expand learning opportunities that reduce racial, ethnic, and economic isolation and design programming to meet the needs of all learners. Over 100 elementary and middle school students participate in a full day summer program that runs for four weeks in the month of July. Students in this program engage in academic lessons with certified teachers as well as participate in several rotations centered around social-emotional learning led by a school social worker and school psychologist. Enrichment activities include robotics, art, team sports, music, physical activity, agriculture science, and culinary arts. This program employs over 15 high school students as youth counselors to provide them with relevant work experience while also enriching the lives of the younger students.

Litchfield High School's "Peer Educators" contribute to understanding teenage issues. Prominent among the issues they address are acceptance of differences and diversity. Programs, such as this, provide opportunities for LHS students to interact with students of diverse cultural, racial, and economic backgrounds.

Litchfield High School's Interact Service Club is sponsored by the Litchfield/Morris Rotary club with the goal of developing service projects that benefit people in our town and in our world.

Students from Litchfield High School enroll in the Greater Hartford Academy of the Arts, Oliver Wolcott Tech, and Wamogo along with students from numerous other districts.

To further district efforts to reduce racial, ethnic, and economic isolation, a team of educators developed a strategic long-term plan. This plan outlines goals to ensure school protocols and practices reflect equity, diversity, and inclusion, provide professional development for educators on culturally responsive instruction, implement a curriculum that is diverse in representation, and create opportunities for all stakeholders to partner with the school system. As part of this initiative, school and community-based groups hold discussions on culturally responsive leadership with efforts to further enhance the school-level awareness and understanding of various cultures.

Equitable Allocation of Resources among District Schools

The Litchfield Public School District equitably allocates resources among all the schools in the system. Programs, supplies, and services are provided to students in each school in a fair and uniform manner appropriate to the learning and developmental needs of students at the elementary, intermediate, middle, and high school levels.

In addition to instructional and other resources, the district maintains a focus on maintenance and custodial services to ensure that all students in the district are educated in school facilities that are appropriate to the educational programs offered and that are safe, healthy, and pleasant.

The allocation of resources within the district is reviewed annually during the budget development process. The school administration and the Board of Education evaluate the needs of the district and each school to address all educational needs.
