#### Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

## North Haven School District

### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. <sup>2</sup>The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

<sup>3</sup>Only students assessed in all four areas are included in this calculation.

<sup>3</sup>Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

<sup>4</sup>Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

### Narratives

---

#### **School District Improvement Plans and Parental Outreach Activities**

North Haven Public Schools created a district improvement plan to accompany the Portrait of the Graduate. The High School and Middle School curriculums were revised using the DIP and VoG as a foundation. This work will move to the elementary schools beginning in 2023-2024.

NHPS created a summer program to assist students in closing their learning gaps as well as opportunities for students to receive enrichment in the areas of science and humanities.

The district's English Learner (EL) population has grown significantly over the past few years. As a result, the EL department held numerous family nights and community events to support and connect families. The student services department held virtual and in-person classes to inform families on the PPT/504 process, transition planning and college-readiness.

The district also continually improves the effectiveness of all district programs with a focus on special education. Our programs at the preschool level up through the transitional program continue to expand their offerings to better meet the needs of the whole child. Regular and special education teachers collaborate across grade-levels and content areas in order to maintain rigor and meet the needs of all learners. There has also been a concerted effort to provide additional services and programs in order to educate all students within district schools.

#### **Efforts to Reduce Racial, Ethnic and Economic Isolation**

The district has hired a district-wide Diversity, Equity, Inclusion and Belonging Facilitator. This position moved the district's work in the area of social emotional learning as well as provided an equity lens to curricula, operations and professional development. The DEIB Facilitator has also making community connections in an effort to support all students inside/ outside of the school day.

During the year, the district has utilized multiple resources and organizations to support and facilitate training sessions around diversity for our students and staff. NHPS is currently working with the Anti-Defamation League to assist the district in creating a welcoming environment for all students.

North Haven Public Schools participate in the Open Choice Program and currently have a number of students who reside in New Haven attending district schools. We also send high school students to the Educational Center for the Arts (ECA) at ACES.

### **Equitable Allocation of Resources among District Schools**

School resources are distributed in such a way that each building receives as much of what they request each year, as possible. As a result, at the elementary level, spending for the core instructional programs differ primarily because of differences in each schools' enrollment. All other purchases at the elementary, middle and high school levels are the result of specific student needs as identified through our special education and intervention teachers, specialists and coaches. Finally, every effort is made to provide schools with any requested resources that align with either the school or district improvement plans.
