Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

During the 2022-2023 school year, E.O. Smith made significant progress in developing and implementing programs and projects designed to reduce racial, ethnic and economic isolation. This included:

- * Continued to utilize a minority recruitment process that has demonstrated effectiveness in diversifying the staff.

- * Continued implementation theory of action that focused on monitoring the participation, performance and experiences of all students by demographic group (race, gender, IEP/504, SES, town).

- * Created a common criterion for all 8th grade school counselors to use in course recommendations for students.

- * Implementing grading practices that included both expectations for due dates and for students such as re-assessment and the elimination the use of academic consequences for behavioral decisions.

- * Continued to utilize Region 19 Equity Protocol to use for all decisions relating to policy and everyday practice.

- * Continued work of the Equity, Justice and Inclusion subcommittee to oversee our 5 areas of work in our District Equity Action Plan.

- * Student led Cultural Awareness Brigade held 4 community lectures by local professors and experts social justice topics to open dialogue and highlight both growth and continued work in the area of social justice.

- * Provide a guaranteed culturally inclusive curriculum that incorporates all Vision of a Graduate attributes into instructional and assessment strategies. (Social, Emotional, Intellectual). Began the process of conducting equity audits on student participation, performance, and experiences in curricular and co-curricular offerings.

- * Engaged in two equity studies conducted by University of Saint Josephs that aimed to measure student perception of their math identity based on their experiences in their math learning and a DEI study focused on measuring experiences of our black and brown students to determine if actions were impacting student experience at E.O. Smith.

- * Piloted Habits of Scholarship rubrics that included student reflection and reporting through report card comments at each semester.

- * Continued to implement an articulated academic placement process with sending districts using common criteria and reducing biases.
