Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Sherman School has taken a strong focus on attendance prevention in 2022-23. Monthly attendance team meetings carefully monitor student absences as well as tardies. Based on these meetings, letters, phone calls and family meetings have been held to assist with improvement. This process will continue to evolve as we enter 2023-2024.

Creating community connections has been a focus of Sherman's new administrative team. At the start of the year the Sherman Senior Center was invited into the school to participate in activities ranging from musical drumming, art projects, pickleball, and attending band concerts. This has brought our students closer to our town seniors and encouraged giving back to the community. We have received wonderful feedback from attendees as well as student participants.

The Sherman School is implementing a pilot flex program called STRIVE. It was born out of the need to develop a program to support students who have more intensive social-emotional and academic needs. The staff required to support this flex program includes a paraprofessional, a BCBA, a special education teacher, and general education teachers.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Administration has recognized the need for outside support and assistance for some of our Sherman families. As the school does not currently have a school social worker on staff, we recently partnered with the town to begin offering "office hours" at the school for our town social services director. This has already been well received by families and we expect to see a growth in its utilization over time.
