Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Stafford School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Stafford Public Schools began implementation of its next three-year Strategic Educational Framework (SEF) during the 2022-2023 school year. The framework identifies strategic imperatives for Organizational Health; Curriculum, Instruction and Assessment; and Continuous Learning for All. The district prioritized enhancing connections with students, families, and community members as engaged and supportive partners. This included efforts to incorporate families in the student learning process while strengthening systems to reduce chronic absenteeism. Schools utilized surveys to collect feedback on ideas to support family engagement. Members of the administrative team participated in the CSDE "Talk Tuesday" events to connect strategies with a focus on student attendance. Schools utilized home visits in collaboration with the School Resource Officer and Related Services Staff Team to reduce barriers impacting school attendance. The Social Emotional Supports Committee expanded its role to serve as a districtwide attendance team in order to provide data and strategies to school attendance teams. The district instituted its revised Multi-Tiered Systems of Support (MTSS) plan to support academic and behavioral needs. The plan provides clarity on the processes that Intervention Data Teams utilize to review data and synthesize success plans for learners. Special education staff implemented the Special Education Practices and Procedures Manual, which included clarified processes for identification of Gifted & Talented learners. The district continues to strengthen communication of key information, truancy prevention letters, and academic programming updates through tools such as, School Messenger, See Saw, social media, digital newsletters, and the district website.

School Readiness and Family Resource Center grants support the Family Resource Center program that provides outreach opportunities to families. The after school program strengthened its STEAM theme to provide academic enrichment and SEL support for nearly 80 students at Stafford Elementary School. All schools continue to expand interventions beyond the school day with academic tutoring and learning academies to emphasize targeted literacy and numeracy skills. These opportunities included an expanded SAT Preparation Academy at Stafford High, a BOOST Before and After School Learning Academy at West Stafford School and Stafford Elementary, and a Homework Club at Stafford Middle School. West Stafford School received continued NAEYC accreditation for its pre-kindergarten and full-day kindergarten programs during the 2022-2023 school year. Screening days are held to facilitate early identification for intervention and special education support services.

A variety of home-school communication tools are utilized to keep families involved in the community. The district continues its Parent Academy programming which offers support to families for success with home and summer learning. The Office of Curriculum & Instruction sponsored academic events during the year such as Coffee & Curriculum Conversations, aimed at acquainting families with resources and tools to expand learning in the home environment. West Stafford and Stafford Elementary continue to host an annual Numeracy and Literacy Night which connects families and students for an evening of fun and engaging sessions.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Stafford Public Schools continue to examine their practices for developing a community that embraces inclusivity and belonging for all. The district Equity & Inclusivity Task Force continued in its second year with the development of a two-year action plan focused on building leadership capacity for equity, culturally responsive curriculum and teaching practices, and collaboration with community partners. The district contracted with a local RESC to provide professional learning related to courageous conversations and creating inclusive classrooms. West Stafford School continues to host its annual school-wide multicultural night, celebrating the diversity of our families. Our Pre-Kindergarten and elementary STEAM programs offer school readiness support or scholarship opportunities based on financial need.

The Social Emotional Supports Committee developed plans for professional learning related to the Yale RULER program in the 2022-2023 school year. The program ensures practices for increasing student attendance, engagement, and overall academic performance. The district prioritizes the use of universal screeners through the DESSA tool to support student social-emotional needs. Programming to support kindness and diversity was offered through programs such as Ryan's Story and Looking in Theater. The district expanded its Student Success Plan Scope and Sequence and Comprehensive School Counseling curriculum to grade five supporting the middle school transition with its integration of a school counseling position at the elementary school. Classroom and school libraries continue to ensure access to texts that represent multiple viewpoints. Professional learning and coaching was provided to educational specialists and classroom teachers to support instructional strategies for English Learners.

Stafford High School implemented the Black and Latino Studies course for its second straight school year. We continue to expand participation in outreach projects with schools across the country and world through remote opportunities. Special education students engage in an award-winning Unified program with their regular education peers. The Gender Sexuality Diversity Alliance (GSDA) continues to focus on teaching tolerance and inclusivity to students and staff.

Equitable Allocation of Resources among District Schools

The Stafford Board of Education and Superintendent facilitate a collaborative budget development process involving stakeholders to synthesize a fiscally responsible budget. District budget initiatives are aligned to the vision and imperatives communicated through the Strategic Educational Framework. In an effort to maintain a balance among our district schools, each building receives an allocation based on enrollment and school needs. Departments develop budgets locally prior to school budget formation. A curriculum revision and textbook adoption cycle equitably allocates funds for the adoption and revision of curricular resources. All schools ensure access to mathematics and reading specialists to support student learning needs. The district added a full-time ESL teacher supporting student language development at all four schools. The integration of enrichment teachers and academic tutors supported student needs that arose from the COVID-19 pandemic. Professional learning operates within an academy model in which staff can customize sessions to their learning needs. Grant funds also enhanced the tools and resources available during and after school to support at-risk learners.
