Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Torrington continually strives for academic excellence by enhancing the curriculum, technology, course offerings and services to meet the needs of all students. The curriculum revision is aligned with Connecticut Core Standards, and instructional needs are determined based on data analysis of student progress. An Attendance Team has been established at each school. More than 65 district employees have been trained to conduct home visits. Home visits occur at all levels on a regular basis in an effort to increase student and family engagement and reduce chronic absenteeism. The district has partnered with the City to reopen the Teen Center. The Center is a multi-purpose space, staffed by district employees, and a resource to families in need. Free interactive literacy programs are offered by staff at an easily accessible community center.

Administration works in collaboration with community agencies and businesses to provide authentic learning experiences for our students. These opportunities allow for career ready experiences. Through Advisory period at the middle and high schools, students can monitor their progress and develop plans toward their future and career goals. Regarding special education, the PPT Teams welcome parents as part of the decision making process. All sites offer comprehensive teams of service providers: social workers, school psychologists, registered behavior technicians, behavior interns, and board certified behavior analysts. Community and in-house pre-kindergarten programs provide for students requiring special education services. Intervention supports are offered at all grade levels. All staff follow district SRBI protocols. As a district, health and safety are our priorities. All students needing special health or physical accommodations are provided for. Staff monitor all 504 and Assistive Technology needs.

Torrington has been recognized nationally as one of the Top Ten Communities for Music Instruction for the last 23 years. Our arts program has been recognized throughout the state as well.

Schools collaborate with the police and fire departments and other community agencies, which teach students about making good life choices. Additionally, local business owners provide regular presentations on the qualities students must demonstrate to become desirable future employees. All schools are dedicated to engaging families in student learning. Families are invited to student presentations and performances. PTO meetings, School Governance Councils, and Curriculum Nights build community relationships and welcome families. Parent conferences occur every fall and spring. New student orientation evenings are held for students transitioning to 6th and 9th grades. Spanish translation is provided at all events. In-person and remote options are offered to all families.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Torrington is a community of increasing demographic diversity. In 2018, the district restructured the K-5 schools in order to ensure a racially, ethnically, and economically balanced learning environment for all students. Nearly 2000 students were impacted by this initiative. Staff members participate in trainings related to issues of race, poverty and equity. Many have attended Restorative Practices training which teaches respect for all and helps to develop meaningful relationships. The district has adopted SEL curricula K-12. A district-wide Diversity/Equity/Inclusion Committee was formed comprised of all stakeholder groups including staff, parents, community members, Board of Education members, and students. Every student is equipped with a district-owned laptop, and internet access has been made available to all. In order to address the growing need, the district embraced the Community Eligibility Provision, allowing access to free meals for all students. Each school site engages in developmentally appropriate activities to build community and promote respect and an appreciation of differences. The district hosts a large number of events which bring members of the community together through our nationally recognized music program. The character education curriculum and the PBIS system emphasize the importance of all individuals and their membership in the school community. The district uses grant funding to enable students of different socio-economic backgrounds to participate in various activities. Students collaborate to foster relationships throughout the district and community. The expansion of clubs and activities at each grade level allows for creative expression as well as diverse experiences that students might not otherwise have had the opportunity to pursue. The district is engaged in a K-12 curriculum review to ensure that the curriculum is aligned with standards and representative and respectful of diverse groups. The district partners with local organizations to build an appreciation of and respect for diversity.

Equitable Allocation of Resources among District Schools

During budget season, school administrators work closely with Central Office administration to review student data and demographics to determine school needs. The budget process takes into account the needs of each site to assure that every school has resources to provide for its unique student population. Each of the elementary schools has a distinct culture and student population with diverse racial, ethnic, and socio-economic profiles.

All schools serving the same grades utilize the same curriculum and are provided with a comparable level of resources and instructional supports across the district. SRBI interventions are available at every grade level.

The Superintendent and Central Office team collaborate to ensure fiscal responsibility and equity throughout the district. Public meetings are held to provide opportunities for community input and increased awareness of district needs. The district implements family engagement strategies to ensure parents are involved and made aware of the budgetary process.
