Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Wallingford School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Wallingford Public School District is committed to providing the highest quality services for students with special needs. The district continues to be committed to providing programming for all students to meet their needs. The district continually provides professional development for staff in the area of social and emotional learning to address the needs of our students and families. In addition, there is a continued focus on structured literacy training, through Literacy HOW, for elementary staff. The district is also provides training for staff in the area of Universal Design for Learning. Administrators and teacher leaders across the district have regularly participate in sessions helping prepare them for future work to be conducted in this area.

As part of all of this work, the Wallingford Public School District continues to implement the special education strategic plan that directly aligns to the IDEA grant for the district. This plan provides ample opportunity for constituent feedback and ongoing review and revision. To address truancy, the Wallingford Public School District has building-level and district-level attendance committees that address student truancy. These committees consist of teachers, administrators, health staff, and other resources depending on the specifics of the child and his/her case.

The district also continues to provide McKinney Vento training for staff, and the district is implementing a variety of programming to ensure identification of all families in need. The district is taking a proactive approach in addressing its changing demographics (as noted below). The district is also teaming with HUBCAP Wallingford for workforce and career development opportunities for our homeless families.

Wallingford Public School Schools works collaboratively with community resources including but not limited to the Spanish Community of Wallingford (SCOW), Youth and Social Services (YSS), the Boys and Girls Club, and Wallingford YMCA to plan and implement programming for students and families.

Programming with our community partners provides parents information about curriculum, instruction, safety, health and wellness, and future planning. To assist families with childcare programming was established in collaboration with both the Boys and Girls Club and Wallingford YMCA.

Building and district Parent Teacher Advisory Committees (PTAC) engage parents on a regular basis with teachers and administration. In addition to the PTACs across the district, parents are engaged in PTO and also the school and district safety committee. Wallingford continues to collaborate with Connecticut parent advisory Center (CPAC) to host and offer sessions for families in our community to provide support. Once again this year, we are offering a variety of parent resources as partners in their children's education at school and at home. From upgraded single-on technology to workshops and videos for parents to access, parents will be better prepared for the new educational landscape.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Wallingford Public School District offers students opportunities to participate in state magnet schools. The district offers student access to ACES programming at Wintergreen Magnet School, Thomas Education Magnet School, and Education Center for the Arts (ECA). In addition, Wallingford has students who attend New Haven and Hartford magnet schools.

The district also has exchange students each year from such countries as Germany, Australia, Argentina and Ecuador. The Wallingford Public School District also coordinates student exchanges for its students to Germany, Argentina, Australia, Iceland, and China. These programs have an academic focus and provide students with an opportunity to earn credit towards their capstone requirement and the Connecticut Certification of Global Engagement. The Wallingford Public School District offers English Language (EL) and bilingual programming.

The district also offers parent and student programming through adult education for families new to the United States who may be learning English and seeking citizenship. The district attends all recruitment fairs offered by the state and local universities. It is the goal of the district to continue to grow its minority staff in all buildings. By offering college internships and expanding the colleges/universities from which they place student teachers, progress is being made in this area.

The district will continue to offer certified and non-certified staff professional development in the areas of diversity, equity, and inclusion. This professional development will continue throughout the year and incorporate lessons for students and families. Wallingford Public Schools has a robust Adult Education Program that provides unique connections to many families new to our community and country. Through our three diploma programs, English Learner programming, and Citizenship classes, we provide a good resource for families to successfully, safely, and confidently enter into our local and school community. As well, the district has recently partnered with two surrounding school districts to become the hub for adult education. This new partnership will expand student enrollment and increase offerings to meet the needs of our community.

Equitable Allocation of Resources among District Schools

Wallingford Public Schools uses many methods to ensure resources are appropriately distributed based on student needs. First, there is a per pupil allocation for instructional materials. Next, based on such indicators as special education, intervention, bilingual and English Language (EL) services needed, staffing is allocated for each school. Student plans are reviewed individually and then appropriately planned and budgeted for annually. To ensure processes are effective, administrators and special services providers meet regularly to review needs and resource allocation. The budget process includes an impact mapping component. Administrators reviewed all school-based staff as related to direct impact on students. Student needs remained at the center of this work resulting in a constant review of equity of resources based on needs. The budget incorporates contingency funding for additional resources found to be needed after the year has started. The Wallingford Public School District budget document includes a thorough analysis of each school and all programs within each building. This data is incorporated into the strategic plan and is shared with the community.
