Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

³ Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Wethersfield School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Wethersfield's Board of Education District Mission Statement and Strategic Plan for 2018-2024 continues to guide the innovative and focused work of district and school improvement efforts. Goals and actions are related to: student achievement; civic and family engagement; and management, operation, and finance. Each year the District Improvement Plan is revised based on feedback from data, surveys and administrators to more clearly define actions for the current year. Wethersfield Public Schools continues to use Parent Square, a communication tool that allows parents to receive all communications in their native language. This has improved communication with our multilingual parents. In addition, the district has increased the use of interpreters as a way to ensure multilingual parents have access to important information to support student success.

Each school has a leadership team that provides ongoing feedback to school administration and critical teacher leadership towards the school and district goals. The leadership team provides support in the development of the individual School Improvement Plan that outlines important strategies related to the three district priorities of:

Empathy - PRIORITY #1: Build a positive, empathetic, and safe community and increase effective communication.

Achievement - PRIORITY #2: Increase student achievement through implementation of innovative, inclusive instruction and evidence-based practices

Equity - PRIORITY #3: Deliberately identify inequities in our policies and practices that impact our community, and change structures to ensure equitable outcomes for all, inclusive of race.

One of the data driven areas of focus was attendance. Both district and school based teams regularly tracked their attendance rates, provided positive and informative messages to parents through Parent Square, and had on-going conversations with parents around the importance of good attendance and strategies to improve attendance and tardies to school.

Through grant funds, the district hired an elementary Family, School, Community Partnership Liaison who is using research based strategies to engage families, with a focus on families new to the district. This new position works collaboratively with the Family and Early Childhood Coordinator and Wethersfield Early Childhood Coordinator (WECC) to engage families from cradle to college.

WPS, in collaboration with WECC, offered the seventh year of parent leadership training through the UConn People Empowering People (PEP) program. This program teaches leadership skills and graduates complete a community project.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Wethersfield Public Schools (WPS) participates in the Open Choice program. The Open Choice Family Liaison has been effective in engaging families from Hartford and supporting their transition through schools.

Wethersfield also celebrates over 40 different languages spoken in its schools and continues to see its population become more ethnically, racially, and religiously diverse. This rich cultural, racial, and linguistic diversity allows staff to celebrate differences and allows students to learn from each other. Wethersfield continues to network and partner with different community groups such as the Wethersfield Early Childhood Collaborative, Social and Youth Services, Health District, etc. to engage parents and families and ultimately reduce the racial, ethnic, and economic isolation.

Three years ago, Wethersfield Board of Education and Town Staff created a town-wide Social Justice Coalition (SJC) to engage community members and staff in courageous conversations about race, diversity and equitable outcomes. Wethersfield Public Schools also provides parent leadership training and ensures that parents selected represent the diverse demographics of our community.

WPS also participated in the Teacher in Residence program and hired two diverse aspiring educators. The CT Teacher Residency Program is focused on diversifying the teaching staff. As a participant, WPS is able to create a "grow-your-own" model of diverse educators who will be certified by the end of the school year. Our diverse educators give students windows and mirrors into their lived experiences and possibilities for their future.

The staff BIPOC Affinity group also hosted the first BIPOC Community Fair for students and families of color. Student artwork was displayed, town leaders of color spoke at the event and many BIPOC vendors were present to share their resources. Over 400 people attended to celebrate our students and families of color.

Equitable Allocation of Resources among District Schools

The budget design allows the analysis of staffing and funds by school location and program. The analysis of student demographics and student achievement coupled with enrollment and attendance, allows the Board of Education, district administration and staff to ensure an equitable allocation of resources among schools.
