Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Avon School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Avon Public Schools welcomes families as partners in their children's education by creating inviting schools; providing consistent, effective communications from the district, schools, and teachers to parents and students; and offering numerous opportunities for parents to partner with schools to plan, participate in, and improve the school experiences in Avon.

The district's commitment extends to all staff members through ongoing professional development that promotes positive, healthy relationship building and strategies to create a welcoming, collaborative environment where students can flourish.

It is important to work collaboratively to effectively provide our students with the best education possible. Our Curriculum and Professional Development Council (CPDC) reviews and plans the district's curriculum; school climate and school culture committees are at each school; as well as a recently created Equity Council; each committee consists of board members, parents, teachers and/or administrators. The district has partnered with climate consultants for continued professional development in fostering a welcoming and inclusive school community.

Communication is an important component of Avon's Blueprint for Excellence. District, school, and staff websites provide information to students and parents regarding curriculum, academic and social goals, school activities, clubs, and athletics. Teachers maintain websites that provide access to curriculum, classroom assignments, and resources to support student learning. A variety of web-based instructional and supplemental materials are available to students and parents to reinforce and promote student learning at home.

Consistent with federal regulations as outlined in the Individuals with Disabilities Education Act (IDEA), our district offers a wide range of specialized personnel who collaboratively support students academically, socially, emotionally, and behaviorally in the least restrictive educational environment. The main objective of the Pupil Personnel staff is to assist families and educators in reaching our district goal of supporting all students in achieving academic success. Collaborating with Avon's Special Education Parent Teacher Association (SEPTA), we provide training to parents regarding topics such as IEPs and Transition.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Avon Public School district has implemented significant efforts to reduce racial, ethnic, and economic isolation, most recently hiring a Diversity and Inclusion Coordinator. Specifically, at the district level, Avon's enrollment of non-resident, and minority students is an impressive 118 students through the District's participation in the Open Choice Program. To support both non-resident and resident students, the district maintains school climate/safety committees at all schools to ensure that the needs of all students are met. These same groups plan and implement specific activities to reduce the isolation of students and families. To support this important work, the district utilizes CREC resources such as the CREC Family Resource Center and CREC professional development.

At the elementary level, schools continue to host specific events (movie nights, family fun nights at local businesses, etc.) in which all parents, staff and students are encouraged to participate. Periodically during each school year, activities such as family heritage day and cultural awareness programs are sponsored and supported financially by each school's parent-teacher organization.

At the secondary level, multiple opportunities are provided to both staff and students via the advisory periods to discuss and review information regarding tolerance, acceptance of differences, and cultural awareness. These discussions have led to schools hosting guest speakers during school assemblies for such topics as the holocaust and other programs specifically designed to assist schools to improve their culture and climate.

Equitable Allocation of Resources among District Schools

Avon Public Schools follows a standardized budgeting process in which each school or department administrator submits funding requests in the same manner. Administrators write a comprehensive budget narrative describing the requests and how they relate to Avon's Blueprint for Excellence including detail by line item. Budget proposals are submitted to the Business office where a team of Central Office Administrators reviews each proposed budget. The team looks for consistency between buildings in all areas including general supplies, equipment, services, professional development, and finally personnel. If variances are discovered to be inequitable between buildings, funds are adjusted to reflect a fair distribution of resources.

This standardized approval process further supports quality control principles for district-wide purchasing and the equitable distribution of goods, services, and personnel. This process directly supports the district's budgeting method and the subsequent execution of the approved budget.
