Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

In Fall of 2021 the Barkhamsted Board of Education conducted an evaluation of the district's goals and objectives in the three year district improvement plan. A committee composed of BOE members, administration, teachers and parents was assembled to review and update the district goals. The district goals directly support the Portrait of the Successful Student.

Our work with the Portrait of the Successful Student promotes 21st century skills that are necessary for success in the world after graduation. The five selected competencies promote a shift in learning control from teacher to student providing an environment that maintains student engagement and interest. The district RTI plan highlights the scaffolded supports in programming and differentiated learning efforts of the school community to meet the unique needs of each of our students.

The Barkhamsted School is in its fifth year of implementation of RULER which is an evidence-based approach for integrating social and emotional learning into schools, developed at the Yale Center for Emotional Intelligence. RULER applies "hard science" to the teaching of what have historically been called "soft skills." RULER skills and strategies were integrated into classrooms across all grade levels. In addition, daily morning announcements and class meetings taught specific skills, strategies and emotional vocabulary. Student knowledge around the RULER skills and vocabulary was assessed at the start and end of the school year. Students demonstrated significant improvement in both their use of RULER skills as well as improvement in their emotional vocabulary.

Engaging families in student learning is an ongoing school-wide goal that every certified professional supports. Teachers at The Barkhamsted School communicate regularly with families through phone calls, emails, written monthly updates, Google classroom, digital portfolios and videos of student presentations, etc.

The school nurse works closely with administration and families to prevent absenteeism in the district through frequent contact with families and supplying information regarding outside services when necessary. Monthly attendance reports are analyzed and letters sent to parents to inform them of attendance data and trends.

The Barkhamsted School houses both a regional integrated preschool and the Bridges Program providing a Pre-K through 6th grade continuum of specialized instruction for students. Special education programming and services are continually improved through the iterative process of reflection and revision. Several staff members are trained in Wilson and/or Orton-Gillingham.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Barkhamsted School demonstrates effort to reduce racial, ethnic, and economic isolation through a variety of curricular activities. Learning tasks designed to increase student awareness of the diversity of individuals and cultures are embedded and integrated in Social Studies, Reading, and Writing units across all grade levels K-6. In the primary grades, students are introduced to studies of a variety of cultures and traditions while the intermediate grades dive more deeply into a variety of cultures through the study of the immigration of various ethnic groups.

Barkhamsted School students participate in a variety of learning experiences where they communicate with schools across the country and around the world. Students communicate regularly with others using technology such as Google Meet, Flipgrid and SeeSawSkype.

Extracurricular experiences that all students participate in include author visits and virtual field trips throughout the year.

District staff attended minority recruitment workshops. A district-wide hiring procedure was implemented and approved by the BOE.

Equitable Allocation of Resources among District Schools

The Town of Barkhamsted maintains only one school; The Barkhamsted School. All resources from the Board of Education budget are allocated to The Barkhamsted School.
