#### Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. <sup>2</sup>The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

<sup>3</sup>Only students assessed in all four areas are included in this calculation.

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

| Indicator                                                 |                     | Index/Rate    | Target | Points Earned | Max Points  | % Points Earned | State Average Index/Rate |

<sup>1</sup>If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

<sup>2</sup>If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

### Narratives

---

#### **School District Improvement Plans and Parental Outreach Activities**

Brookfield's schools engage stakeholders in a program of continuous improvement to support the mission, vision and goals. MTSS, School and District Data Teams continually monitor student progress to improve student outcomes. We continue to implement intervention strategies from our MTSS Handbook. We hold District Data Team meetings. Parents engage faculty and administrators at Open Houses, parent workshops and teacher and counselor conferences. We also provided parental workshops on social and emotional learning. We welcome volunteers and keep parents informed via school messenger, newsletters, parent workshops, and district, school and teacher websites. We have begun to solicit stakeholder feedback through Thoughtexchange to gather input for our new Strategic Planning efforts.

Our schools are dedicated to improving students' core skills in problem-solving, collaboration, and technology. Students in grades 8-12 receive a Chromebook for school/home use through a 1:1 initiative. K - 7 students will have 1 to 1 in school Chromebook access available in each classroom. The BOE also has a Bring Your Own Device policy which we implement K-12.

ARPESSER funding was utilized to launch the institution of instructional coaches in Technology Integration, ELA, Math, Social Studies and Science. Brookfield has joined Future Ready to support technology integration in concert with our Strategic Planning work. We look forward to implementing Parent Square as our new website and communication platform to enhance engagement. We also are developing a community read with the new book, *The Anxious Generation* by Jonathan Haidt.

Staff regularly meets with families regarding significant issues and to provide support and educational opportunities for the families. Additional engagement efforts focus on parents of children with special needs. Open enrollment in Advanced Placement courses continues to increase student participation and achievement remains steady. A systematic curriculum development process with embedded professional learning has enabled continued professional growth.

#### **Efforts to Reduce Racial, Ethnic and Economic Isolation**

Our district is committed to reducing racial, ethnic, and economic isolation and supports those populations most impacted by the pandemic. We provide opportunities for students' and staff participation in activities during the school day, after hours and during summer months. Included inter-district programs offered by Ed Advance, Healthy Children, and Healthy Minds. Brookfield participates in the AIS Magnet School. PTO-sponsored activities provide students with a culturally diverse perspective. Equity, Belonging & Diversity continue to be a focus in our curriculum revision process. Instructional units provide a global focus.

We have purchased classroom libraries to promote understanding and appreciation of differences and diverse authors. The district continues to address the needs of English Learners and we have established a Spanish bilingual program and are budgeted for a Portuguese bilingual program next year.

### **Equitable Allocation of Resources among District Schools**

The budget development process is aligned with district goals, which prioritize student needs in each school. The budget development process is primarily building based with input from administrators, staff & community. Equitable resources distribution is a criterion in budget design. Schools received equitable resources for major initiatives, staffing, and equipment. Exhaustive layers of oversight ensure that the budget is designed effectively and that resource allocation is reflective of the priorities and goals of the BOE. In early October, the superintendent, administrative team and BOE collaborated to develop the assumptions and priorities for the annual budget development process which is BOE adopted. Once the school principal/departments obtain input from their faculty & staff and stakeholders they submit their budgets to the district administration. A thorough review among the principal, superintendent assistant superintendent, finance director is conducted. The BOE Finance Committee then reviews the budget. After this review, the superintendent works with the principals and central office to finalize all budget priorities and present the annual budget to the full BOE.
