Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Capital Preparatory Harbor School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Capital Preparatory Harbor School is dedicated to providing historically disadvantaged students from the Bridgeport area with college and career readiness skills, enabling them to become engaged citizens and agents of change. Our rigorous extended day, extended year, college-preparatory curriculum integrates the study and application of social justice, equipping students with the tools and knowledge necessary for post-secondary education. CPREP Learner Expectations—Collaborator, Problem Solver, Researcher, Empathetic Citizen, and Pillar of Knowledge—underpin every aspect of school life, guided by essential questions and aligned with our social justice mission.

We ensure curriculum relevance through applied teaching methods, allowing scholars to actively explore real-world problems while acquiring deeper knowledge related to Connecticut State and Common Core Learning Standards. This approach fosters independent and reflective learners, demonstrated through Student-Led Conferences (SLCs), where scholars reflect on their learning and evaluate their progress in relation to the Learner Expectations, Social Justice Themes, and grade level Essential Questions, enabling them to be active partners in their learning experience.

Our child-centered, whole-child approach recognizes each scholar's potential for excellence, employing time-tested, research-based strategies. We provide comprehensive academic and affective support, particularly for students with disabilities, MultiLanguage Learners, and at-risk populations, through our Response to Intervention (RTI) model. This model organizes instruction and resources to meet diverse needs, ensuring academic and social-emotional growth. Our Student Assistance Team (SAT) identifies, supports, and monitors scholars with academic, social, and emotional challenges.

Parental involvement is fundamental to our model. Structures like bi-weekly advisory communications, parent participation in SLCs, and engagement in SAT meetings promote family involvement. We host several annual meetings and events to engage parents in the school community, ensuring inclusivity for non-English speakers. Parents are surveyed for input and can join school-based committees and the Board of Directors, reinforcing their role as integral community members. In addition, we ensure these meetings and events are accessible to non-English speaking parents, emphasizing inclusivity.

At Capital Prep Harbor, we foster strong student-teacher relationships, ensuring every student receives the academic and affective supports needed for success. Our comprehensive special education program includes individualized learning and differentiated instruction within a responsive general education classroom. We emphasize inclusive communication and engagement, striving to provide a supportive and enriching educational experience for all students and families.

Truancy is addressed through strategies that build a sense of belonging, strong advisory bonds, and frequent parent communication to address absenteeism and tardiness. Our commitment to nurturing a loving environment ensures that every scholar can thrive academically and socially.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Unique Learning Experience and College Preparatory Environment. At the heart of the mission of Capital Prep Harbor is the belief that all scholars, when provided with meaningful relationships and opportunity, can excel academically, exceed expectations, and become agents of change in their communities. The school's key design elements are integral to the successful implementation of its early college model grounded in the theme of social justice.

Purposeful Design. Capital Prep Harbor's model is purposefully designed to raise the academic achievement of underserved urban youth, such as those in Bridgeport, through its rigorous college preparatory curriculum delivered by supportive, caring, and nurturing teachers using student-centered instruction. The model also focuses on providing opportunities for scholars to develop their talents, pursue their aspirations, and become empathetic, responsible, globally-minded individuals, leading to a successful educational experience.

Academic Excellence and College Readiness. 100% of Capital Prep Harbor's graduates are accepted to a four-year college or university, and the school consistently outperforms the national average for college attendance and retention rates, demonstrating its commitment to preparing scholars for higher education and beyond. The school offers a unique learning experience for predominantly at-risk, minority, poverty-level students, grounding its academically rigorous college preparatory environment in the theme of social justice. Among the many expanded learning experiences offered at Capital Prep Harbor is the opportunity for scholars to earn college credits and potentially an Associate Degree while still in high school, enhancing their academic and career opportunities. The school also provides opportunities for scholars to engage in community service projects, allowing them to apply their social justice classroom learning to real-life societal issues, fostering a sense of social responsibility and global citizenship. Capital Prep Harbor's commitment to academic excellence, social justice, and college readiness is evident through its unique learning experience, extensive support for scholar success, and exceptional track record of preparing scholars for higher education and lifelong success.

Equitable Allocation of Resources among District Schools

The Capital Prep Harbor leadership team collaborates with its Board of Directors and school-based staff to meticulously prepare the annual budget. The principals at Capital Prep Harbor present an in-depth analysis of the upcoming year's needs, encompassing academic personnel, materials, building concerns, and other areas, substantiated by data and rationale to support budgetary requests.

Furthermore, the Budget Preparation Team reviews per pupil revenue sources, committed private philanthropy, and public grants, including private philanthropy secured by the CMO, Capital Prep Schools, on behalf of the school. The Capital Prep Harbor Director of Operations, with support from the Capital Prep Schools Chief Finance Officer, gathers all budgetary information and collaborates in crafting the budget.

In this collaborative process, the Budget Preparation Team prioritizes the needs of scholars and staff based on how they will support increased scholar achievement and operational efficiency. This meticulous approach ensures that the school's resources are allocated effectively, aligning with the overarching goal of providing the experience for scholar success and operational excellence.
