Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

A variety of tools are used to communicate with our parents. Teachers use phones and emails to share news about the class. A weekly newsletter is emailed home on Fridays, paper copies available for those parents who request them. There is information about past and future events, a calendar, menu and pictures of events from the week. Events sponsored by the PTO are also included. Copies are left at the post office and town hall for residents who don't have children in the school to know what is going on. Our website is continuously updated weekly to keep all parents informed as well as our community. Homework assignments are posted on the teacher's webpage so that parents can work with their child at home. Many teachers also post pictures of classroom activities and special events. Overall, homework assignments for all grades is to read nightly. This helps to simplify the evening routines for families.

The principal is available to meet with parents and community members to discuss any concern or celebration. The principal's office sends out school-wide emails, phone messages and text messages to share information or as reminders for upcoming events. The principal and a teacher also attend every Parent Teacher Organization meeting to work together to provide programming and support to enhance the educational experience for the entire school community.

Volunteers assist with providing a high-quality education for all children. Volunteers help in our library, assist with major events, and can also provide weekly support for students where needed. A resident brings a therapy dog weekly to visit with the children.

We have parents who are active on committees impacting curriculum and school events. Through our Social Emotional Learning (SEL) program, we are getting messages home to parents so that they can encourage and cheer on their child in demonstrating positive character traits. Parents have been included in several school-wide events of celebration.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Efforts to reduce racial, ethnic and economic isolation are addressed by the entire Colebrook Consolidated School Community. The school's Kindness Club provides the opportunity for the entire student body to assist people in need due to economic conditions. The Kindness Club organizes food drives to benefit the local food pantry and fundraisers to benefit a variety of organizations that support those who are less fortunate. The Parent Teacher Organization provides students with cultural enrichment opportunities throughout the year. Typically we would provide students with an opportunity to interact with the older members of our community, each class travels to the senior center for lunch or breakfast once a year. The children complete an activity with the seniors and enjoy lunch and conversation together. We also enjoy Grandparents' Day each year. Grandparents or Senior Friends spend time in classrooms completing activities with the children. Annually, the Sixth Grade class attends a 5-day program at Nature's Classroom with three other schools from the Northeast. This provides the students the opportunity to interact with students and adults from diverse backgrounds. The administration attended workshops to design a play to increase educator diversity and to attract a more diverse workforce for the Colebrook School District.

Equitable Allocation of Resources among District Schools

We only have one school in the district so this is not an issue.
