Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Cornwall Consolidated School is a K-8 school currently serving approximately 100 students. The 2023-2024 school year continued the focus on ensuring that all students felt safe and supported to grow academically, emotionally, and socially. We have continued the focus on identifying and embedding the POG related transfer skills and Habits of Mind into morning meetings and within the curriculum. Students continue to have the opportunity to voice concerns, engage with issues, and actively co-create a positive and respectful learning environment.

The whole school focus on Habits of Mind provides opportunities for students to learn and apply important life skills throughout the challenges of their day such as persisting, managing impulsivity, and listening with understanding and empathy. Strong relationships develop between staff and students which ensures that students' needs are met. Students are encouraged to advocate for themselves and take ownership of their learning journey.

In addition, there is strong home to school communication. A weekly Electronic Newsletter is sent to parents and community members highlighting CCS. Families who do not have access to the internet can request hardcopies weekly from the office. Weekly photos are also shared in the E-News. Teachers communicate directly with parents in a variety of ways such as phone, email, and meetings. Parents and students in grades 5-8 are able to see current grades on Powerschool. Student Led Conferences in the Fall and Spring provide a time to review student progress and build skills for student ownership of learning. We believe that students are most successful when family, school, and community work together. Community members meet with students as readers, participate in our Live Morning Announcements, and share knowledge on topics through Civic Life, Troutbeck, and Explorations Projects.

This year two main areas of focus within our School Improvement Plan have been on Multilevel Systems of Support (MTSS) and Data Management and on High Quality Instructional Practices. Teachers analyze formative and summative assessments to identify students who may need intervention support. Teachers and staff participate in regular ongoing professional learning opportunities at the district and regional levels to improve instructional practice and inform decision-making. K-4 and middle school data teams meet weekly to review data collected and to collaborate regarding tier 1 support and documentation. Once a student is reviewed, the Data Team may make a recommendation to the teacher to bring the student to MTSS.

Our Multi-Tiered System of Supports Team meets weekly to review student data (academic, social-emotional, behavioral, attendance;) and ensure that targeted support is provided to students as necessary. Parents of students receiving intervention are informed through phone calls and in writing and are updated on their child's intervention support plan. Parent meetings are held when students reach 10 absences to offer support and to educate regarding the concerns of chronic absenteeism. Our MTSS Team works closely with our special education program as we have students in tier 3 who may be brought to referral PPT. Special Education staff support general education teachers with accommodations, modifications, tiered intervention and regarding best practice in the PPT process.

Efforts to Reduce Racial, Ethnic and Economic Isolation

At Cornwall Consolidated School, embed our focus on equity and social justice in morning meetings, curriculum, and special events. This is reflected in our policies and our practices. Morning Meeting time allows students to engage in equity and social justice discussions so that they can hear other perspectives, learn about the world around them and think about how they can contribute positively by their actions. This often leads to student led projects and fundraisers to support local and world humanitarian organizations. Students are exposed to diverse cultures from around the world through literature, foreign language, the Arts and Social Studies. We have been working with a Diversity, Equity, Inclusion, and Belonging consultant throughout the year in district and regionally. We are building staff capacity and reflecting on ways that we can improve our current practices.

Beyond curriculum and instruction, providing an inclusive, accepting environment that is a safe place for all is a priority. A positive school climate and culture is a necessity. The whole school focus on Habits of Mind (HOM) provides opportunities for students to learn and apply important life skills throughout the challenges of their day. Weekly quotes related to the HOM life skills are shared daily during morning announcements and used as a springboard for discussions during daily Morning Meetings. In addition, our School Counselor and Social Worker provide Social Emotional Learning (SEL) to all students throughout the year through Character Strong classes, small group sessions, and individual counseling. Middle Schoolers also participate in programs to learn about healthy boundaries and mental health delivered by our school counselor as well as community health organizations.

Our students engage with community members, increase experiences through field trips, and advocate for changes within our school. We have a variety of regional events such as sports programs, Art Garage and STEM lab, dances, and a trip to Washington, DC to bring students together across the region.

Equitable Allocation of Resources among District Schools

Cornwall Consolidated School is a district of one school. We are a member of the Region One School District which is comprised of six K-8 schools and one regional high school. Equitable allocation of resources among district schools is not an issue. We have a supportive Board of Finance and a supportive citizenry. Financial constraints have not prevented us from meeting the needs of our students.
