Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

During the 2023-2024 School Year, EdAdvance RESC schools provided support and intervention for students who were at risk for truancy through frequent home visits, community provider collaboration and continuous communication with guardians. School teams partnered with families to identify and facilitate solutions to the root causes of school attendance inconsistencies.

EdAdvance RESC schools prioritize building and maintaining positive relationships between home and school. School teams communicate at least one time per week with families regarding academic content (to be) covered, events and celebrations. EdAdvance RESC schools are each staffed with multiple high quality School Social Workers, School Counselors and BCBAs so that more intensive and individualized support can be offered to families and students, which may be non-educational in nature but important to the stability and well-being of the student, including food or housing insecurity, childcare and referrals for mental health services.

EdAdvance RESC schools encourage and follow the guardian's lead in creating learning opportunities to practice outside of the school day. Our schools are sensitive to the many competing priorities that our families experience, and we offer natural, everyday activities where guardians can reinforce and practice reading, math, writing and social-emotional skills.

Efforts to Reduce Racial, Ethnic and Economic Isolation

EdAdvance RESC schools are an available option for public school districts who have determined that a student's educational progress cannot be met within the public school setting. Our processes for intake and enrollment of new students do not make decisions based upon race, ethnicity or economic situation. Our staff and student populations are diverse, which provides the foundation of an inclusive school community that is rich in culture.

Within our Increasing Employee Diversity Plan, EdAdvance has formally documented our ongoing commitment and goals aligned with recruitment and retention practices. We continue to expand our outreach network to maximize applicant access. We participate in employee training events which encourage self-awareness and self-reflection of biases. We offer competitive wages and benefits that ease the economic strain and cost of living for our employees.

Both within our EdAdvance RESC schools and as a resource for surrounding communities, EdAdvance designs professional and personal development, addressing diversity and equity. In addition, school staff evaluations require ongoing self-reflection and adjustments to one's responses to prioritize safe and empathic school environments for all.

Equitable Allocation of Resources among District Schools

EdAdvance ensures that students who are attending same grade levels at our schools located in the northern region and in the southern region of the our RESC district, experience similar curriculum, high quality instruction and clinical support, and educational materials and resources.

The EdAdvance RESC district has continued to revise and align procedures, curriculum materials and best practices for instruction and assessments across all EdAdvance RESC schools. Each EdAdvance RESC school budget is carefully balanced to include both equitable and customized resources, while remaining fiscally responsible to the community school districts we serve.
