Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Social and emotional learning and support; academic achievement; and strengthening student, family, and community relationships were among the focal points of the Special Education and Pupil Services Department for the 2023-24 school year. The Eagle Academy, our specialized program for students in grades K-12 with social, emotional, and behavioral needs, marked its fifth successful year of service to students from Enfield and nearby towns. The preschool teachers participated in professional learning with a focus on math and equity. Additionally, the preschool teachers worked on pre-reading language integrated in morning meeting and other lessons throughout the day. Special education teachers and related service providers participated in professional learning with a concentrated year-long focus on the new CT IEP and CT-SEDS. Special education teachers also completed SPIRE and Wilson Reading training. Enfield Transitional Learning Program provided opportunities for students ages 18-22 from Enfield and surrounding towns to engage in expanded vocational learning experiences in the community. School counselors and social workers participated in a range of professional learning including Riverside Trauma Training and Social Thinking. SLPs participated in a wide range of professional learning including a focus on assistive technology. Rachel's Challenge Clubs continued within the schools to promote community and positive school climate. Attendance intervention teams met at all levels to find ways to reach our most at-risk students. Elementary schools continued implementing the PBIS (Positive Behavior and Intervention Supports) program. 6 of our buildings continued participation in Cohort 1 of the State's SEL initiative using Aperture. With the help of a grant, in the spring, we offered afterschool math help and credit recovery for students in high school. Family Day was held in the fall on the Town Green. Families came out and enjoyed entertainments, contests, information booths and more. Enfield Unplugged was held in May. Activities were provided for families to enjoy as they unplugged and spent time together. A 12-week Parent Leadership Academy course was offered free to parents. An evening event called Transition to Kindergarten was held for parents of incoming kindergarten students with information shared about the kindergarten day and registration and health requirements.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The District Safe School Climate Committee continuously monitors and improves our Safe School Climate Plan, Bullying Prevention, and Intervention Policy. The district continued its work with the Rachel's Challenge Program, which teaches students they have the power to make permanent and positive cultural change. This program places emphasis on starting a chain reaction of kindness, compassion, and tolerance throughout each school, which can then be brought to the entire community. High school students were able this year to once again travel to elementary schools as mentors to teach the Rachel's Challenge curriculum and begin forming lasting bonds with younger students. High School Teen Leadership courses taught hundreds of students' valuable social skills such as respect, kindness, acceptance, tolerance, relationship building, positive decision making, and effective communication. Elementary schools implemented the PBIS (Positive Behavior Interventions and Supports) program to create welcoming and positive school climate throughout the district. The district infuses academic programs with opportunities for students to experience diversity through a variety of cultural programs that promote understanding and appreciation for the people of our world through classroom curricular projects, cultural performances, school-wide assemblies, the school-wide respect bucket-filler program and field trips. Parents and community members are encouraged to visit our schools to share different cultures. Participation in the Open Choice continued to grow. In January 2022, the district hired a Director of Educational Equity to align the district work to our vision and move these efforts forward. Professional development by CREC Resource Group was brought in to facilitate one half-day workshop for all staff as well as begin our equity organizational review. CREC also worked with the individual schools on their equity goals.

Equitable Allocation of Resources among District Schools

The Enfield Board of Education equally distributes all available funds so that each school in the district receives its fair share of allocated resources to support present and proposed educational programs, staffing, supplies, materials, equipment, textbooks, and athletics as per our TITLE IX Board Policy. A joint budget feedback session with the community was held by the Town Council and Board of Education in order to ascertain community priorities for budget preparation. Supplies and textbooks are allocated on a per pupil basis. New programs and new textbook adoptions receive separate line-item recognition in the budget. New staffing positions are determined by analyzing pupil/teacher ratios, classroom enrollments and school matrix reports. School buildings and facilities share budgeted funds for maintenance, repair, and renovation. Larger facility projects like new roofs, major renovations, etc. are included in the five-year Capital Improvements Budget Plan.
