Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Lebanon School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Lebanon Public Schools is dedicated to ensuring equity and excellence for all students. Through a holistic approach, the district has developed initiatives to enhance its special education programs and services, fostering an inclusive environment where every child thrives.

Recognizing the importance of early intervention and personalized support, Lebanon Public Schools has implemented a revamped multi-tiered system of support, tailored to meet the diverse needs of students. Collaborative teams of educators, specialists, and families work together to develop intervention plans and/or IEPs that address each student's unique strengths and challenges. By leveraging evidence-based practices and assistive technologies, the district empowers students to access the curriculum and participate fully in classroom activities while simultaneously closing achievement gaps.

LPS joined forces with CSDE to communicate the message to students that "School is Better with You". Through proactive measures and community partnerships, the district attendance committee identifies and addresses the underlying factors contributing to absenteeism. School-based teams collaborate with families to address barriers to attendance, offering support services and resources to promote regular school attendance. By fostering a culture of belonging and support, the district cultivates positive relationships that inspire students to engage actively in their educational journey. This district also focused on restorative practices to support this work.

Central to Lebanon Public Schools' mission is the belief that family engagement is essential to student learning and achievement. The district invests in professional development opportunities to equip staff with the skills and knowledge needed to partner effectively with all families, regardless of background or circumstances. By fostering culturally responsive practices and communication strategies, educators build trusting relationships with families, ensuring that their voices are heard and valued.

Lebanon Public Schools actively involves parents in the planning and improvement of school programs, recognizing them as vital stakeholders in the education system. Stakeholders from across the district actively contributed to the development of the LPS 2030 Strategic Plan through survey responses, focus groups and committee membership. Additionally, through advisory councils, workshops, and community forums, parents collaborate with school leadership to shape policies and initiatives that reflect the diverse needs and aspirations of students and families. By fostering a sense of ownership and shared responsibility, the district strengthens its partnership with families, driving continuous improvement and innovation.

Furthermore, the district provides a range of resources and supports to empower parents in supporting their children's learning at home. Through family workshops, and take-home materials, Lebanon Public Schools equips parents with the tools and strategies needed to reinforce academic skills and promote positive learning habits outside of school hours. By fostering a culture of lifelong learning and collaboration, the district empowers families to play an active role in their children's education, laying the foundation for success in school and beyond.

Efforts to Reduce Racial, Ethnic and Economic Isolation

LPS in an effort to increase and expand interactions among students of all backgrounds, provide our students with diverse experiences. Units of study include opportunities for students to learn about various cultures. Visits from parents & community members enhance the curriculum and give a unique perspective for students related to travel, nontraditional careers and family backgrounds. Field trips and numerous fine arts presentations reduce the isolation in Lebanon and promote learning about people of different origins. Economic isolation is addressed through our 8th grade participation in the LMS "Job Shadow" & LMHS Career Day. Many professions are represented and students spend time with leaders in these fields. LMS continues to pair with an urban school as part of the Project O River Connections Program. LES students are provided with assemblies, thematic instructional topics & literature that foster cultural understanding and enrich their understanding of the world around them. 4th grade students participate in a leadership program with students from other area schools. ELA and social studies teachers at LMS & LMHS worked with the curriculum director to review novels and textbooks used for cultural and racial diversity. The LMS and LMHS World Language Departments expose students to our national and foreign Hispanic culture. North American & European French cultures are also studied. Eligible students are recognized at graduation with the Seal of Biliteracy for attaining a level of proficiency in English and one or more other languages. LMHS participates in the CT Youth Forum which brings students together from many different high schools in the state. LMHS students participate in the Model UN, meeting with delegations from other countries. LMHS students have the opportunity to join other local high schools for a variety of coop sports. Additionally we have given surrounding towns the opportunity to use our sports fields to build relationships and give them an opportunity to feel what it might be like to be a part of Bleed Blue nation. Additionally, diversity assemblies had a focus on lessons/literature during Black History Month. The district also held a Bullying Walk in recognition of UN Anti-Bullying Day.

Equitable Allocation of Resources among District Schools

The Board of Education members and the administration have high standards and strive to provide a quality education for all students. They advocate for funding that will provide a positive educational experience and prepare all students to be college, career and life ready! The Board of Education and administration are vested in improving student achievement and lobby for appropriate funding each year. We provide resources equitably across the district to improve teaching and learning. The goal is to always move the district in a positive direction and provide for the needs of all learners. To guide this work, the Board adopted a 5-year Strategic Plan for the 2019-2024 school years and has begun building the LPS 2030 Strategic Plan. The Board also implemented the Lebanon Public Schools Portrait of a Graduate. This document helps guide expectations for student learning across all grades.
