Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Education is a shared responsibility and we value the participation of the entire community. We provide our children with a comprehensive educational experience including the habits of mind, music, art, technology literacy, career exploration, Spanish, physical education, and the opportunity for enrichment experiences. The PTO supports the school in providing enrichment opportunities. Seesaw is used as a platform to share student work and communicate with families through grade 2. Beginning in grade 3, we use Google classroom.

Class sizes remain small, enabling teachers to develop personal relationships with students and their parents. We begin our day with Responsive Classroom's Morning Meeting, ensuring each learner is prepared for the day ahead, and end the day with Closing Circle, reviewing the day's accomplishments and achievements. A school-wide goal was for teachers to remain in contact with families throughout the year, beginning with a telephone call before the start of the school year and including two face-to-face student-led conferences (fall and spring), phone calls and email as needed to share and receive feedback, and a telephone call in late spring. The principal sent a Weekly Message to families every Friday. Time was dedicated for teachers to call families. During student-led conferences learners shared their goals and achievements with families. Teachers use the personal connection time with families to share student successes and to provide suggestions for learning activities and additional resources to use with their children.

Inquiry teams meet the first and third Tuesday of the month. Professional learning teams meet the second and fourth week. The purpose of these meetings is to review assessment results in all academic areas and to discuss student behavior, applying a Multi-Tiered System of Support (MTSS), implementing instructional practices that provide the scaffolding and intervention necessary to facilitate on-grade-level performance for all students. Supporting MTSS is a focus of our Strategic School Plan.

Region One Schools Shared Services provides special education services to our school. The student-to-teacher ratio is low, generally 5-7 students to one teacher. Additionally, we develop and review every student's Individualized Education Program (IEP) to determine auxiliary services matched to the student's needs. Through Shared Services we provide Speech and Language Services, Physical Therapy, and Counseling services to those students as required through the IEPs and to students who would benefit from additional support.

Families are also invited to attend the end-of-trimester celebrations at which students share their learning with families and the entire student body. Every grade level and student presents at least one time annually.

A school-based health center opened in the spring. Students have access to medical and behavioral health services that are provided at no expense to families.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The geographic location of North Canaan Elementary School in rural northwest Connecticut provides a beautiful setting for our school and community. In-class activities expose our students to other perspectives and cultures. An English Language Learner teacher helps students successfully integrate into the classrooms. This year we added a Multilingual Learner teacher who supports students with a primary or home language other than English who are in the process of acquiring English. His outreach to families has been tremendous.

The strategic school plan for North Canaan Elementary School included a focus on Diversity, Equity, and Inclusion (DEI). We began work with a consultant, Dr. Carolyn Corrado, that will continue next year. Students and staff participated in various activities throughout the year to increase our awareness of others and better understand how our actions and words are interpreted.

Field trips and enrichment activities are an important means to help our students learn more about the world around them. Every grade attended more than one field trip off-campus this year. We took every student in the school to The Nutcracker. Other examples of field trips include Mystic Seaport; Old Sturbridge Village; The Freedom Trail in Boston along with the Science Museum and The Blue Man Group; Washington, DC; and Nature's Classroom.

Habits of Mind remain the backbone for our social-emotional learning, enabling every student to apply the following life skills: persisting; managing impulsivity; listening with understanding and empathy; thinking flexibly; thinking about your thinking; striving for accuracy; questioning and problem solving; applying past knowledge to new situations; thinking and communicating with clarity and precision; gathering data through all senses; creating, imagining and innovating; responding with wonderment and awe; taking responsible risks; finding humor; thinking interdependently; and remaining open to continuous learning. Being adept at applying these life skills increases student self-awareness and ability to interact with others.

Students in grades 7-8 participate in regional sports teams, art garage, and STEM. We ensure that all students have equal opportunity and access to enriching activities throughout the year.

Equitable Allocation of Resources among District Schools

Staff members submit requests for resources as a part of the comprehensive budget process. The Board of Education, the Board of Finance, and the Board of Selectmen work cooperatively to support the needs of the students and staff in North Canaan. We are a one-school district. All community funds support North Canaan Elementary School through grade 8 and then the regional high school, Housatonic Valley Regional High School.
