Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Odyssey Community School District

Narratives

The State of Connecticut has articulated a strong commitment to increasing racial, ethnic, and linguistic diversity of Connecticut's teaching workforce. The Odyssey Community School remains committed to this critically important pursuit. With our continued participation and partnership with the Connecticut Teacher Residency Program, (Connecticut TRP) the RESC Alliance Minority Recruitment Fair, the Alternate Route to Certification (ARC) program, and the NextGen Educators, we will continue to increase the racial, ethnic, and linguistic diversity of a talented and diverse educator workforce.

In addition, we hired our two distinguished veteran preschool teachers who came to us as a result of Odyssey's participation at the Connecticut Alliance of Regional Educational Service Center (RESC) minority recruitment fair in the spring of 2022.

Odyssey also supported one of our staff members through the Alternate Route to Certification (ARC) program. The Connecticut (ARC) program is an accelerated hybrid program for highly-motivated adults who wish to enter the teaching profession. Our ARC candidate participated in the intensive summer and school-year training process, spent 6 weeks outside of Odyssey as a student teaching and was hired as our middle school English Language Arts teacher this past year.

For the 2023-2024 school year, Connecticut TRP and Odyssey will team up once again and place one teacher resident in grade 2 with a veteran Odyssey mentor teacher. Our resident will be earning a full paraeducator salary, with benefits, while working towards an elementary teaching certification. Upon successful completion of both the Odyssey residency and simultaneous extensive classwork, this individual will be hired at Odyssey as a fully certified elementary teacher for the 2024-2025 school year.

We are now also participating in a new initiative called NextGen Educators, a partnership between the Connecticut State Department of Education and Central Connecticut State University to provide talented preservice teacher candidates with valuable classroom experience.

As a result of these ongoing efforts, Odyssey has increased our percentage of minority staff members from nearly 12 % in 2021-2022 to over 20% projected for the 2023-2024 school year.

Equitable Allocation of Resources among District Schools

As a single local charter school, we at Odyssey work diligently with the Connecticut Charter School Association who support us in our efforts to seek equitable State of Connecticut funding for our teachers, students, and programs. We are able to provide quality instructional and technological resources for every teacher, every classroom, and every student. In the fall of 2022, we added two preschool classrooms, each with 18 students and 1 additional seat in each of our kindergarten through grade 8 grades moving from a total of 328 students to 374 students. Class sizes will continue to remain small (fewer than 20) ensuring that our teachers can provide much individualized instructional support

We receive annual grant funds from The Peter and Carmen Lucia Buck Foundation (PCLB) for programmatic enhancements. PCLB continues to support projects for the 2023-2024 school year including funding for teacher and staff professional learning, our Science of Reading initiative, our mathematics curriculum revision process and the addition of behavioral health supports for our students.
