Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Region 16 has an embedded process of utilizing parent and community surveys as well as an "open door" policy to support a strong partnership with parents and the community. Region 16 has a fully comprehensive pupil personnel department at each school respectively to meet the needs of all students including identified children. Region 16 has also implemented read and math specialist in all it's schools to ensure academic gaps are remediated and addressed daily as part of the standard curriculum. Region 16 does not have a truancy and prevention program because the need does not exist. Our standard procedures and BOE policies address attendance. Region 16 has increase it's full-time support staff to assist families and students with mental health concerns that may affect attendance. We have increased the number of school counselor's and administrative staff over the last two years to reduce the staff to student ratio to better serve "at-risk" student populations.

We have also created a multi-disciplinary Leadership Team in an attempt to increase communication with all stakeholders. We will be opening up a Region 16 Facebook page to increase exposure and open communication with all residents in the Towns of Prospect and Beacon Falls.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Region 16 has implemented a social emotional learning program in grades K thru 12th with fidelity. We have trained our staff in RULER and Chose Love. We provide curricular experiences, course opportunities and extra curricular clubs and activities to reduce racial, ethical and economic isolation. We have also created a Diversity, Equity and Inclusion Committee that has scripted, guaranteed lesson to support the emotional and social development of all our students.

Region has created three stipend positions for SEL coordination and DEI implementation over the next two years. Region 16 has a very strong advisory program for students in grades 6 thru 12. This advisory program has been reinvented yearly to address the needs of students and the concerns that face our adolescents today. Furthermore, next year's budget includes the purchase of a new tool to identify hidden non-academic risks to student learning an success. It is a K-12 well-being screener for our counselors and the SEL committee.

Equitable Allocation of Resources among District Schools

Region 16 builds its budget from the direct input of school based administrators, instructional leaders in each school, community surveys and alignment to the BOE goals. Region 16 utilizes longitudinal data, cohort and grade level performance and summative information to fund and reallocate resources to personalize educational experiences and individual student learning needs.
