Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

During the 2023-2024 school year, E.O. Smith made significant progress in developing and implementing programs and projects designed to reduce racial, ethnic and economic isolation. This included:

- *Implemented the first Racial Justice Academy training cohort. This is a train-the-trainer model designed to build capacity among staff to prepare for discussions about race and racial incidents.
- *Implementation of our theory of action that focuses on monitoring the participation, performance and experiences of all students by demographic group (race, gender, IEP/504, SES, town).
- *Created a common criterion for all 8th grade school counselors to use in course recommendations for students.
- *Provide student academic participation and performance data to 8th grade teams who send students to E.O. Smith High School in review accuracy in course selection practices in order to eliminate bias.
- *Eliminated course prerequisites that serve as a barrier in accessing advanced level courses.
- *Revised the Region 19 Student Dress policy to address inequities in the policy and its implementation.
- *Use the Region 19 Equity Protocol to ensure all decisions do not advance and/or harm a particular demographic group of students.
- *Utilized the Equity, Diversity and Justice subcommittee of the Region 19 Board of Education in order to oversee our 5 areas of work in our District Equity Action Plan.
- *Added three student racial affinity groups to our co-curricular club offerings.
- *Held regular meetings of our Parents of Racial Justice group throughout the school year.
