Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Data teams establish literacy & numeracy instructional goals. The Student Assistance Team (SAT) identifies & supports students with interventions for academic, social & emotional needs. Special education & reading intervention teams receive Structured Literacy coaching. Faculty work with the Science Supervisor to develop NGSS aligned units. CRE lessons are taught with multicultural literature. PBIS & SEL programs maintain a positive school environment promoting prosocial behaviors. All teachers have Second Step resources in their classrooms to meet the social & emotional needs of their students. BGP trained staff members in the YALE Ruler Program, implementing this program across the learning community. Parents are members of the school safety & Tools for Schools team. Parenting classes are taught at the FRC.

The TIS SAT provides MTSS intervention for reading, math, social skills, emotional regulation & behavioral needs to all students. Targeted Interventions are administered by special education teachers, support staff, & reading & math specialists. School-wide expectations are taught. The SEL curriculum includes teacher taught lessons, community building circles, school advisory sessions & programs. Students recognize that they are valuable members of our community. BGP & TIS hosted a family Curriculum Night offering curricular activities in an evening of fun & learning.

TMS teams review data & meet with parents. PBIS & SEL programs, partnerships with social services, community workshops, SOAR reports & everyday practices establish a positive environment. Parents sign up for daily updates of academic progress & attendance. Behavioral Reports are shared at the end of each marking period to keep parents informed of student progress on core values. TMS offers monthly programs to support student academics & extracurricular interests. The Intervention team consisting of administrators, teachers, counselors & the psychologist meet weekly to discuss strategies & student needs. The special education & reading staff use the SPIRE program to support reading students.

THS provides opportunities for students to demonstrate functional mastery of the skills & dispositions outlined in the TPS Portrait of a Graduate. Additionally, MBL practices are implemented in content areas throughout the year & professional development is aligned to district goals. 21st century skills are taught & assessed through a common core aligned curriculum. The Student Intervention Team consisting of administration, counselors, the school psychologist & nurse meet to discuss strategies to support the individual needs of the students. For climate & culture, a survey is given to students, parents & faculty. The culture & climate committee meets monthly with a variety of stakeholders to review district surveys & discuss strategies to maintain a welcoming culture at THS. THS develops leadership & mentoring skills in its students through the Link Crew program promoting a positive climate. A recognition program exists for staff & students to identify students who exhibit our core values. THS offers the following schoolwide outreach events for parents: Parent-teacher conferences, Open House, 8th Grade Parent Night, Financial Aid Nights, College Planning Nights, & 9th Grade Parent Night. The Parent Advisory Council & the THS Booster Club meet monthly with administration.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The TPS trains staff on Culturally Responsive Education (CRE), and has both district and building CRE committees meeting on a regular basis to discuss policies, procedures, and practices relative to culturally responsive education. In addition, they plan activities and assemblies for students that strengthen each school community and school culture. The district also seeks to provide equity through Mastery Learning practices. The district participates in the Open Choice program.

Schools engage programs and collaborative activities with community organizations. Positive Behavioral Intervention and Support programs and an Advisory program include incentives and activities to reinforce core values, personal responsibility, and culturally responsive behaviors. The Social and Emotional Learning and Skills for Adolescents programs include lessons beneficial to the mental health and social awareness of students. Advisory, Student Council, and service group programs in the school and community promote social responsibility (e.g. programs to promote awareness of homeless populations, poverty, and how to help). In addition, topics of responsible behavior and social justice are included in TPS programming for ELA, Social Studies, and other classes. A Skills for Adolescents class for all 8th graders focuses on anti-bullying, racism, bias, and media awareness.

Social Justice and Gender Equality themes are used in educational programs. The TPS has a thriving Gender Sexuality Alliance and Kindness Campaign. Curricula on African-American and Latino studies, Russian Culture, Art Link, and African-American authors and Native American experiences are part of the school system offerings. The course Native American Studies emphasizes the experience of the original inhabitants of North America and the diversity of tribes. Activities include speakers, field trips to museums, sweat lodges, and native reservations. Fine Arts covers marginalized and multicultural art and musical expression. The music curriculum emphasizes a culturally diverse study of music from Africa, Mexico, South America, and Spain. Multicultural themed books are used in classrooms. In addition, women in STEAM and Math and Stat Awareness theme weeks were executed.

Equitable Allocation of Resources among District Schools

Schools are organized into cost-centers with Principals taking the role of “cost-center” managers. Schools receive allocations and reductions of resources based on enrollment and program considerations. The district underwent an energy review, and all schools adhere to the same set of energy standards. These energy standards and systems have provided additional opportunities for equity in policy and distribution of monetary and energy resources. Three schools in the district have three grades (K-2, 3-5, 6-8) with the high school housing four grades. The high school receives resources in accordance with its larger school and physical plant needs, but each school receives allocations commensurate with enrollment and the needs of the physical plant.

Custodial and maintenance resources are matched to the enrollment and physical plant needs of each school. The district will continuously review these resource allocations to provide the most equitable distribution of human resources.
