Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Westbrook School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Westbrook Public Schools (WPS) inspires students to succeed by assuring physically, emotionally and intellectually safe climates in which to learn. Teachers in professional learning communities analyze student data and apply instructional strategies that address individual student learning styles. There are short and long term plans to help all students reach their intellectual potential, while emphasizing their physical, emotional and social development needs. The impetus behind Westbrook Public Schools' educational efforts is the Portrait of a Graduate that defines the skills and attributes graduates will possess when they leave the school system. In addition, high quality teaching and learning is built on 21st century, college and career readiness, and CT Common Core-aligned expectations. Best practices shared among staff are aligned with clearly-delineated vision and expectations and designed to create engaging classroom settings. Students' needs are also met via alternative programming and supportive interventions that include specific transitions from school-to-school, to career and higher education. WPS integrates technology into educational programming and progress monitoring. Along with Multi-Tiered Systems of Supports (MTSS) at the elementary and middle schools, all schools have instituted a process of Scientific Research-Based Interventions (SRBI) or progress monitoring to provide students with increased levels of academic and developmental support. Special education PLCs have been engaged in professional learning utilizing the Connecticut Special Education Data System (CT-SEDS) in the area of creating effective and measurable goals and objectives that have increased student independence and advocacy skills. Middle and High School parents are critical stakeholders with 24 hour access to their students' grades and attendance, through the WPS student information system, PowerSchool. Teacher web pages also increase communication between home and school, as well as the District website and individual school websites. District and teacher WebPages and school websites and Facebook pages also serve as resources for updated information. A district improvement goal to sustain and measure positive school climates engages WPS stakeholders. The Board of Education (BOE) continues to apply National School Climate Standards to the work of assuring the quality and character of the school day for all and have written the first-in-the-nation School Climate Policy holding all education stakeholders accountable for school climate. A District SEL and Wellness Committee has been created to promote social, emotional, and physical wellness to promote healthy lifestyle choices for all stakeholders. In addition, the district has adopted the use of evidence-based SEL reports to support student growth. The Devereux Student Strengths Assessment (DESSA) is aligned with the Collaborative for Academic, Social and Emotional Learning (CASEL) and is regularly administered to all students to identify areas of strength and target SEL areas in need of improvement. Active Parent Teacher Organizations support student success. Parent volunteers serve as readers and listeners for elementary students working to improve fluency and comprehension.

Efforts to Reduce Racial, Ethnic and Economic Isolation

WPS Professional Learning Community Leaders and all teachers are trained in EL Strategies by a LEARN consultant to acquire appropriate teaching strategies to maximize teaching and learning for EL students. Translation services are readily available through Language Line and an app called Talking Points that provides "real time" messaging with families. Students (both native and non-native language learners) are encouraged and able to obtain the Seal of Biliteracy recognition at graduation. Staff & students integrate cultural learning activities. WHS has participated in an exchange program with Lycee L'Olivier in Marseille. Our PreK-4 school has breakfast meetings to support the growing population of ELL and to help families make connections. Our website information can be translated into any language necessary. Students have an opportunity to study World Languages. K-4 students study Spanish. WPS employs certified bilingual and TESOL teachers. A foundational goal of the district is focused on maintaining climates of respect. Staff and student partnerships offer programs to expand our thinking. The district sponsors inter-district programs for our MS&HS students to include urban districts. Students attend forums across the state and are frequently invited to present and facilitate learning on topics aligned with positive climate, social, and emotional learning. WHS students have taught lessons on empathy to elementary and middle school students. WHS Teen Leadership students continue to organize and host annual Awareness Days based on student input and interest. Students and staff from Oxford Academy and Woodstock Academy are always invited. WHS students are offered courses in World Cultures, World History, and World Literature focusing on a global understanding of diverse populations relative to race, religion, and ethnicity. Students are exposed to issues that impact the global economy and international relations. Students research history & cultural aspects of countries. Our elementary school hosts Literacy Night for students, families, and staff that a a multicultural approach to "Reading Around the World." Texts used in academic areas feature a respect for cultural diversity awareness.

Equitable Allocation of Resources among District Schools

WPS ensures the equity of resources to meet the needs of all students. The BOE is committed to maintaining favorable class sizes and staffing numbers. Grades Pre-K-12 are maintained at levels conducive to a connected and nurturing environment. WPS offers universal preschool with full-day preschool for four-year-olds and three year olds with needs or risks. All students, including those with special needs, benefit from full access to staff and instructional resources. At the middle/high levels, we have a Chromebook one-to-one program. Budget preparation is a fair and equitable process. Teachers and administrators work with the superintendent to develop a budget that meets the needs of Pre-K-12 students, while being sensitive to the ability of the town to fund. The budget is scrutinized in an approval process by the BOE and BOF. The school district actively pursues state/federal grants to supplement the budget. The public is encouraged to provide input at BOE and Town meetings during the development process. Despite statewide economic trends, the Town and school district maintain a meaningful collaboration to meet the students' education needs.
