Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

The BOE mission/vision for Andover Elementary School continues to be committed to "providing a creative and challenging curriculum for all in a safe environment while nurturing the values of responsibility, respectfulness, and a desire for learning." AES is exposed to a multitude of enrichment programs. We were awarded an enrichment summer grant and have used this to increase parental outreach and awareness of school programs. We also allow for afterschool partnerships with COOL to assist the working parent with homework times. For our enrichment programs, Makerspace promotes inquiry and a love of STEM activities and continues, as well as science enrichment and Invention Convention. We continued to offer Spanish to grades 2-6 on a weekly basis. We continued to enrich the social-emotional well-being of our students through enriching activities meshed with the four tenets of the RULER program and increased the focus on the Mood Meter throughout the pandemic to help with the recognition, identification, and coping of new challenges faced by our students. Professional development continued with RULER development, and we utilized the state-led focus on offering opportunities for staff to enrich their own teaching professionally. We have added the formerly piloted enrichment of American Sign Language (ASL) to our students in person. Last year it was only ZOOM with our impressive accredited preschool program, but now is expanded to more classes in kindergarten and grade 1 multiple times a week. ASL promotes tolerance for disabilities, it also serves to prepare our students for the secondary opportunities put forth by the CSDE to utilize ASL to fulfill language requirements. ASL will continue through next year. Our PTA continued with its efforts to engage parents and the rest of the educational community by offering a Zoom school program and in-person storytellers and science guests. To keep parents engaged, all BOE meetings and town board meetings still continue to be offered via Zoom to promote involvement even though BOE meetings are also in person. We have merged many outreach activities to assist families with scheduling and this has increased attendance by 100%. We have a Fall Back to School Night and a Spring Open House. They're able to take place outside, in the gym, and in the classrooms. Distancing and social protocols were followed. The fall event merged the curriculum night, orientation, and special services resource night. The spring event merged the science fair, art show, and music concert. Intergenerational Day is gone, but intergenerational events are alive and well. AES has a community-run garden that borders the town hall and the school and our children maintain plots alongside the seniors. Our children recognize the seniors on birthdays and holidays through snail mail handmade cards. AES continues to host a Veteran's Day celebration and thank the community members while showcasing our music department. Parental outreach continues through a weekly newsletter and through PTA for all students and is also enhanced for our students with identified needs. School-based teams meet with parents through SRBI (Scientifically Research-Based Interventions), PPT meetings, School Readiness meetings, and teacher conferences.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Andover Elementary School is a one-school district. All students had been provided a device to ensure if we were forced to go to remote learning, no student would be isolated or denied access to technology. As a one school pre-k to grade 6 school district, less isolation is apparent, but as a fairly homogeneous district, we are cognizant of our responsibility to seek out opportunities and strive to afford all of our learners with experiences that focus on an embedded awareness of equity and social justice. Most of the students attend AES and do not opt-out into magnet schools, so bringing the outside into Andover is integral. Programs embedded to heighten the awareness of cultural and racial differences have increased as permanent parts of the school and curriculum instead of just as "one-day events" but we still can improve upon this component. This school year AES included a "Be the Authors" program to reinforce the writing and reading curriculum through the appreciation of the children as the authors and illustrators. Our book clubs, book fairs, and regular library offerings include themes of the chosen literary works that were purposeful and examined immigration, racial identity, and cultural aspects. In addition, we often participate in an inter-district book club between Andover and another small Eastern Connecticut town. Our social studies classes in the upper grades continued with their colonial programs but also added a component of global awareness by including Junior Achievement into their curricula. In doing so, AES is also supporting the state's push to implement the certificate of global awareness program at the secondary level, a CAPSS initiative designed to further increase student awareness of the diversity of individuals and cultures. Grade 5 also participates in a team-building activity at Nature's classroom as well as Kid Governor. At AES we have integrated curriculum and social-emotional learning tenets deeply rooted in our daily lessons that embrace anti-bullying, acceptance of others, kindness, and respect. Our foreign language program offers exposure to varying Spanish-speaking parts of the world. AHM Services, our regional Youth Service Bureau works on Power of Words and other programs designed to bring acceptance to our children.

Equitable Allocation of Resources among District Schools

Andover is a one-school district with our middle and high school students attending RHAM regional in Hebron. AES is a pre-k through grade 6 school, and within our school community attention is paid to the equal allocation of resources from grade to grade to ensure equity. Resources are equitable from grade to grade, and all opportunities are presented to all Andover students.
