Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Somers School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The Somers Public School District strives to be an exceptional and innovative educational community with a mission to prepare each student to contribute and succeed in an ever-changing global society. The 2021-2022 school year presented a unique set of challenges as we had to operate under ever-changing COVID guidelines. While adhering to these guidelines, we offered on-campus learning opportunities for all students while ensuring students could access live streaming instruction when their on-campus learning was disrupted by COVID. Further, all students accessed 1:1 devices and wi-fi hotspots (as needed) to ensure accessibility to digital instruction and resources. The district continued to convene regularly scheduled building-based teams to discuss student academic performance, social-emotional well-being, and attendance and worked with families to provide resources and support to ensure student success.

We continue to ensure strong home-school communications through the streamlined use of digital platforms such as SeeSaw (K-5), Google Classroom (6-12), and SchoolMessenger (district-wide). The district website has been updated to include additional parent resources to support social-emotional learning, special education, academics, and digital registration. Further, the administration provided families with frequent email communication highlighting curriculum as well as district and community events. Additionally, we utilized both Zoom and GoogleMeet to virtually hold events such as open-house, parent-teacher conferences, and special education meetings which allows many families to participate in events they may otherwise have not been able to.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Somers Public Schools is committed to cultivating a just and fair learning community characterized by culturally responsive learners and staff who embrace, accept and respect differences and perspectives. We endeavor to create opportunities for engagement, education, and discourse related to issues of equity, diversity, and inclusion. We participate in and are committed to the Project Choice program. Participation in Project Choice in part, assures funds are secured to support student participation in activities such as prom, senior banquet, outings/field trips, athletics, and drama.

Faculty and staff participate in ongoing professional development focused on diversity, equity, and inclusion. These professional development workshops in part, have focused on understanding bias, cultural consciousness and responsiveness as well as building and establishing trust.

Somers Public Schools has developed and applied school-wide, and classroom positive behavior support systems (PBIS). Additionally, across the district, we utilize a framework for social-emotional learning based on the five competencies identified by the Collaborative for Academic, Social, and Emotional Learning (CASEL). Further, the district has a variety of other activities and services focused on addressing race, ethnic and economic isolation including but not limited to assemblies, field trips, activities, and clubs.

Equitable Allocation of Resources among District Schools

The Somers Board of Education continues to support its commitment to provide equitable funding to meet the needs of all students in the district. The Somers Public School District comprises three schools: one elementary (K-5), one middle (6-8), and one high school (9-12). To ensure adequate staffing and resources are allocated, enrollment figures at each building are frequently monitored and long-range plans are reviewed and revised regularly to ensure adequate staffing and resources are allocated. At the beginning of the budget cycle, each school presents budget and programmatic needs to the Superintendent. A budget is constructed based on the identified needs and their alignment to the District's Strategic Plan. The Superintendent's proposed budget is then presented to the Board of Education for further refinement.
