Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

As a small K-8 school, Kellogg School and its staff are committed to providing students and families with rich learning opportunities for academic, artistic, athletic, and social emotional growth. We encourage students to become leaders of their own learning through the gradual release of responsibility, a core element of our school improvement plan. All students establish annual learning goals and meet regularly with their teacher to evaluate their academic progress, through habits of work and Habits of Mind. All parents and students in grades 5-8 are able to see student grades through Power School in the parent portal. Student progress is shared with families during Student Involved and Student Led conferences in the Fall and Spring held in a virtual format this year. Teachers and staff are provided with regular ongoing professional learning opportunities both locally and at the Regional level to improve their individual and collective professional practice. We continue to support students with disabilities through onsite services provided through the Regional Student Service Center staff. Students receive services to support their individual disabilities through an individual educational program.

Truancy is not a prevalent problem at Kellogg School. We continue to work closely with isolated cases to support these families through regular communication and follow up to ensure all students attend school regularly for both onsite and live streaming platforms.

We continue to expand our focus on meeting the social emotional needs of our school community. Teachers have selected and integrated elements from the Habits of Mind into their instructional practice and goals. Teachers routinely communicate with parents in person, by phone, email, newsletters and virtual meets. Additional outreach was provided by the school nurse and local mental health care and social service agencies delivering support in virtual formats.

Distance families were provided with virtual tutorials and teacher support to help them navigate virtual learning platforms. Distance families were provided with a flexible and convenient location for pick up and delivery of student learning materials and technology devices. When distance students were unable to participate in onsite events, alternate activities were provided for them. The principal sent home weekly electronic parent newsletters and parent surveys to all families to communicate current school news and monitor and address family needs.

Parents are regularly informed of school events and student academic progress. School events are widely published and communicated to the community electronically and in print. Teachers contribute to quarterly Regional newsletters reporting on classroom activities. Community involvement provides valuable feedback and support helping us form a new community composting partnership to manage our waste generated by our new lunch program.

Literacy remains an area of strong focus; students regularly check out books to bring home for individual and family reading. We have a strong partnership with the Hunt Library who volunteer weekly to read to our primary students. Kellogg School was recognized for the third year in a row as one of the 2020 Governor's Summer Reading Challenge top performing elementary schools in Connecticut.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Economic isolation is not a large concern for Kellogg School. Despite being a rural community school, our proximity to Hartford, the Metro North Train line and New York City contributes to a diverse socioeconomic population. Our community is composed of families who own second homes to enjoy country life as well as families living below the poverty line. Students are exposed to diverse cultures from around the world through literature, foreign language, the Arts, and Social Studies. All students attend regular cultural assemblies at Kellogg to provide them with a deeper understanding of other cultures. Kellogg also provides programs to instill a positive and safe school community. These include research based programs, which are used to teach students about empathy and effective communication skills in grades K-4. Students in grades 5-8 are involved in various programs that provide support and assistance to set goals for academic, career, social, emotional and physical development. Students are learning about healthy boundaries, mental health, and resistance to drugs/alcohol. Our school and the Regional English Language Learner, ELL program focused on ways to help our students successfully integrate into the classroom and school community.

Field trips and community outreach played an important role to help bridge the divide of racial, ethnic, and economic isolation. We provided additional local and virtual opportunities which included student council activities to raise funds for local food banks, walking field trips to deliver student-created messages of kindness to town residents, appreciation to veterans, and visits to local historic and nature sites for outdoor science exploration. All students participated in a school wide Earth Day celebration with the Audubon Center to learn more about our local habitat and its animals. Third grade students enthusiastically participated in a virtual field trip with another 3rd grade classroom in California to share their knowledge of wolf facts with students. 8th grade students visited carefully selected museums and other local outdoor historical sites to celebrate their 8th grade year.

Equitable Allocation of Resources among District Schools

Lee H. Kellogg School, also known as the Canaan School District, is a district of one school. We are one of six, K-8 schools and a regional high school who comprise the Region One School District. We enroll students in grades K through 8th grade, offering a traditional program of studies. Our K, 1, 2 classroom is co-taught as is our grade 3-4 classroom. Our official enrollment count on October 1, 2020 showed 68 students. Along with five other elementary schools, we finance a Regional High School covering a 250 square mile radius, a Superintendent's Office, and a Regional School Service Center. The funding from the local towns is based on a percentage basis. Historically, Kellogg School sends a high percentage of its students to the Regional high school each year. The Canaan Board of Education presents a budget to the Town of Falls Village Board of Finance and to the community. A hearing is held in April and the Town vote is in May. Almost all of our funding is through local taxation.
