Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Students with Disabilities ³	353	16.1	16.3

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

Chronic Absenteeism and Suspension/Expulsion

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 175

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Students with Disabilities	60.0	*	*
District	76.1	142	37.7
State	85.0		36.0

³ College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	9.7%	<=5%	19.0%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.2%	0.8%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Colchester Public Schools (CPS) focused on its Recovering the Learning Plan for the 2020-21 academic year. Impacted by the pandemic, CPS devised a three-part plan to support student learning over the course of the year. Acceleration included the faculty and staff compacting curriculum, using assessment results formatively to drive instructional decisions, and utilizing technology to provide students with unrestricted access to teachers. Backfill Lost Learning included the development of a district-wide tutoring program that was aimed at supporting students to build content knowledge or develop skills missed in the spring of 2020 or amidst periods of hybrid/virtual learning. Continue Intervention included the expansion of resources in support of interventions offered to students who were not making grade-level progress or were receiving special services. Parents were kept informed of this plan and the impact on student learning via weekly letters from the Superintendent, Board of Education presentations, virtual videos on curriculum updates, and the roll-out of a new district website. Small groups of parents were also engaged on a regular basis to participate in and provide feedback on specific district initiatives, such as equity and technology.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The Colchester Board of Education has recently worked with school stakeholders and the Town of Colchester to develop a Diversity, Equity, and Inclusion Committee with a mission to "serve the students of Colchester and enhance our teaching practices, resources, and curriculum to be reflective of all students no matter their race, culture, gender identity, sexual orientation, or disability to ensure educational equity." This nascent committee led the systemic changes needed in the District to make the school community a better place for all students and families.

CPS has also formulated a Social and Emotional Learning team whose purpose is to support faculty in adopting strategies to support the development of a community of learners. CPS is also continuing its partnership with Norwich Public Schools to accept students, via lottery, to attend Bacon Academy. Each school also offers student extra-curricular clubs designed to reduce bias, including the Gay Straight Alliance, the Peer Advocacy League, and Unified Sports and Arts. At WJJMS, students have engaged in a "global classroom" experience by connecting with other students from around the world during academic periods to understand their respective life experiences. Similarly, JJIS has hosted a virtual Day of Service that explored and responded to the needs of children around the world.

Equitable Allocation of Resources among District Schools

The development of the budget is a collaborative process that begins with the administrators and directors working with their respective leadership teams to identify needs in alignment with the mission of CPS. The administration then works with the central office team to balance resources across schools to develop a final proposal that is presented by the Superintendent to the Board of Education. With the addition of stimulus funding from the federal government, CPS administration prioritized the areas of greatest student need and allocated funding to support actions in response to those needs. The administration then solicited input from the Board of Education and community members on the planned use of funds. Input from stakeholders was considered and implemented where appropriate.
