Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 190

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

The 2020-2021 District Strategic Plan supported universal Pre-K, engagement through questioning, revising Scientific Research-Based Interventions (SRBI), wrap-around services, job-embedded instructional coaching for teachers, and professional learning dedicated towards high quality instruction, student engagement, and technology integration.

Over the past seven years, Derby Public Schools has increased the continuum of special education services that are provided within district. We have increased our ability to educate students at their neighborhood schools, with the addition of specialized elementary Learning Centers. These small classrooms are supported by a special education teacher, paraprofessionals, and behavior specialist. In 2018, a new Academic Learning Center was opened at Derby Middle School. A new Life Skills Learning Center for Grades 9-12 was rolled out in fall of SY2020-2021.

The district is focused on increasing daily student attendance rates and decreasing chronic absenteeism by engaging students and families, recognizing good and improved attendance, monitoring student attendance, providing early outreach and support, and developing supports to remove barriers to regular school attendance. This PK-Grade 12 priority is part of our district strategic plan and is supported by each school's principal, attendance coordinator, school climate specialist, social worker, nurse, psychologist and secretary. The district partners with the Derby Youth Bureau and local non-profits to provide outreach and support for families in need of assistance. A new district Attendance Team was created in 2018 to develop systems, procedures and protocols for supporting regular school attendance. This team provided support with student attendance and engagement during the pandemic and the challenge of reaching in person and remote learners.

In an effort to support student learning at home, Derby utilizes several web based programs that parents and students can access from home. The programs available for students and parents are: Google Classroom, i-Ready, Khan Academy, Edgenuity, Lexia, Raz-Kids, and Nearpod.

Strong home-school connections are made through the use of the district's website, our school's social media posts, Class Dojo, school newsletters, daily student newscast, and regular school events designed to engage families and the community. The Superintendent held Parent Groups and other stakeholders via Zoom to communicate information about remote learning, in person learning and the various school plans throughout the pandemic.

The district holds regular parent events and workshops to support home-school partnerships. This year continued to include several information nights (virtually), including: district-wide Open Houses and Report Card Nights, a Kindergarten, Grade 6 and Freshman Orientation, a Junior Parent Information Night to prepare for Senior Year, an SAT/PSAT Informational Night, Financial Aid Night, and a variety of other family information sessions.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Derby Public Schools participates in Open Choice magnet schools through our RESC and we have 119 students attending local magnet schools during the 2020-2021 school year. In 2018, DHS opened a new, \$1.2 million Advanced Manufacturing Center in partnership with Asnuntuck and Housatonic Community Colleges. Students earned dual credit for courses in computer-aided design (CAD), Blueprinting, and Introductory Tool Bench Work. The Advanced Manufacturing Program will provide students with a career pathway and high earning potential which will positively impact the student's lives and the community. The program expanded this year to include a new cohort.

Derby Schools offer many extracurricular opportunities. One of our strongest clubs is our Human Relations Club (HRC), which is in its 8th year at DHS. The Human Relations Club is a student run organization in which students plan, organize and coordinate activities to reduce prejudice, bias, and discrimination and to increase cultural and ethnic awareness in our schools and community. The program helps to expand understanding of issues beyond one's own view, promotes critical thinking, and builds positive relationships.

Derby participates in varsity and junior varsity sports/clubs, including: football, soccer, cheer, dance, indoor/outdoor track, wrestling, basketball, baseball, and softball.

At the elementary level, there are ongoing performances which promote multiculturalism, diversity and an appreciation for other traditions through music, dance, theater and puppet shows. Also, the annual Multicultural Night, which features performance by students wearing clothing from their native country and a pot-luck dinner, is a very popular event. The two elementary schools also try to plan combined trips, events and activities to promote equity and community.

Due to the pandemic, our K-12 teachers lead virtual programs and field trips that bring Derby students into other local communities to extend and connect learning outside of the traditional classroom. Our student

Equitable Allocation of Resources among District Schools

All school administrators are active participants in the budgeting process and provide allocation requests to the Business Manager and Superintendent to adequately accommodate each student's needs. The Business office works directly with each administrator to facilitate the equitable allocation of funds; each school is identified as a cost center and the distributed funds are constantly monitored to ensure each school's financial needs are accommodated.

Derby Public school students in kindergarten - Grade 5 attend one of two neighborhood elementary schools: Bradley School and Irving School. Specialist positions (psychologists, social workers, counselors, library clerks, nurses, etc.) are distributed equitably on a per pupil basis. Paraprofessional staff is allocated on the basis of student need, including the requirements of Individual Educational Plans. Beyond these resources, Irving receives additional staff and program funding through Title I due to its relatively larger proportion of low income children. All Derby students in grades 6-8 attend the Derby Middle School, while all 9 -12 students attend Derby High School. Thus resource equity is ensured at the secondary level.
