Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Marlborough Elementary School, the only school in the Marlborough School District, is an integral part of the Town of Marlborough. We are very fortunate to be highly supported by very dedicated families and town organizations, each providing unique opportunities for our students. From our Marlborough Parent Teacher Organization to our supportive Board of Education, our school is provided constant support for creating the best learning environment for all of our students.

Communication with our families and the community is a critical component of our structure. Families received weekly correspondences written by administration highlighting events, sharing school information and showcasing successes. Our School Advisory Committee met focusing on school structure, and an Operations and Safety Committee provided reflection and support on our school safety and climate plans.

Effective programming for each student in our building is a top priority. Multiple data points and educator and parent/guardian knowledge are combined to plan effective programming for our students. The entire staff, both special educators, our curriculum specialist, classroom teachers, and families, work together through the Collaborative Intervention Process, to create and monitor plans for students that require extra support to achieve grade level benchmarks academically, socially and emotionally. Identified students have individualized plans created, implemented and continuously monitored to ensure growth in all identified areas. The Special Education team meets on a monthly basis to review student programs, Special Education resources and all else related to the Special Education program for our students in Marlborough.

As a smaller school in a single school district, we have the distinct pleasure of knowing our students and families on a personal level. We work with families when there are attendance issues with students, and often have a very good understanding of why there may be situations that caused the attendance concerns. We meet with parents and guardians to lend assistance when needed to improve student attendance. Depending on the situation, our meetings will often include students. The COVID pandemic added more intensive outreach needs to support families that were struggling with stressors unique to the pandemic.

One of our school-wide goals focused on school and family collaboration and communication. Staff members worked either individually or at grade levels to develop goals to increase or improve the home and school connection. Through classroom newsletters, sections on our website, postcard mailings and communication notebooks, staff found a number of creative and engaging ways to connect with their families in a year where the pandemic was still impacting normal school operations.

Efforts to Reduce Racial, Ethnic and Economic Isolation

At Marlborough Elementary School (MES), the 2021-2022 school year was the eighth year of our Spanish program for all of our students in grades K-6. Due to changes in programming due to the pandemic, our Spanish Program was presented in a daily, 40-minute block for sets of 3 weeks. During their Spanish daily rotation block, students were immersed in classes where their depth of knowledge on vocabulary, language structures, and conversational strategies were built and reinforced by an amazing teacher whose highly interactive, almost full immersion approach has our children acquiring Spanish at an amazing rate.

Marlborough Public School is an equal opportunity employer that continues to recruit and retain staff dedicated to providing a curriculum that is rich in opportunities for our students to learn about and explore the world they live in.

During the 2021 "2022 school year, MES staff worked together to provide extensive opportunities to support students and their families as we continued to move through the COVID pandemic. Marlborough Elementary School, while maintaining layered mitigation strategies, structured our year to provide support and move all of our students along a learning continuum to meet their unique academic, social and emotional needs. Through creation and year one implementation of our SCIP (Strategic Continuous Improvement Plan) our school team worked hard to ensure all students and their families received the support they needed during this continuing pandemic year.

Equitable Allocation of Resources among District Schools

As Marlborough Elementary School is the only school in the Marlborough School District, all district resources are allocated to just Marlborough Elementary School.
