Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Each of the New Fairfield Public Schools prepares a school improvement plan aligned with the district priorities and goals, including steps to improve student achievement. The staff continues to function as a Professional Learning Community (PLC) to ensure that ALL students achieve high levels of learning, that we focus on student academic results by using relevant data and information to promote continuous improvement, that we create a collaborative culture through high-performing teams, and that we maintain a welcoming environment for our families. All schools use Positive Behavioral Interventions and Supports (PBIS). Data from i-Ready are used districtwide to inform targeted academic interventions. Reading teachers, coaches, and consultants in the district work with staff using benchmark data in language arts. The elementary and middle school math coaches help teachers develop goals to address students' needs across teams and grade levels. MHHS and Consolidated staff members continue to be active participants in data teams that analyze student data based on pre and post common formative assessments (CFAs) and benchmark assessments to adjust instructional plans and incorporate best practices to maximize student achievement. Each school uses data teams to analyze identified problems of practice and gaps in student learning. A vertical data team oversees the work across grade levels. At New Fairfield Middle School, teams meet with administrators to develop action plans for students not meeting expectations. Students prepare a Student Showcase for their families to discuss their plans for continuous improvement and learning. At New Fairfield High School, the data teams work to improve instruction and student achievement. Seminars and the Alternative Learning Center programs continue to support student needs. The Senior Capstone is a graduation requirement for all students, culminating in a community exposition where students present their work: community service projects, entrepreneurial ventures, internships in public and private organizations, and as teacher assistants. Programs held for parents include course selection, co-curricular events, and college financial aid. The high school also works closely with the Local Prevention Council to support programs and activities to strengthen the school and community. All schools are committed to providing a broad spectrum of programs and support services to address student needs and inform families regarding student progress. Visit our website at www.newfairfieldschools.org and follow our Twitter feeds for more information about our schools.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The New Fairfield Public Schools continue to utilize grants and local resources to make efforts to reduce racial, ethnic, and economic isolation. We are proud to say that all our schools were open fully in-person for the 2021-2022 school year. At Consolidated School (PK-2), students learn to respect and value all people, seeking opportunities to develop an awareness of people and customs from around the world and to benefit from the ideas, wisdom, and experience of others. Special area educators teach art, music, literature, and recreational customs of different cultures. Consolidated School and Meeting House Hill School (3-5) welcome parental involvement in their child's educational experience. The PTO supports the schools through mini-grants and gifts so that programs such as Child's Play, High Touch-High Tech, and author visits can enrich the students' education. MHHS is continuing with C.A.R.E.S. to focus on Cooperation, Assertion, Responsibility, Empathy, and Self Control. Through the middle school's (6-8) developmental guidance classes, the topics of stereotyping, bias, discrimination, and bullying are addressed. A consultant has worked with district administrators and middle school staff on improving school climate, restorative practices, and implicit bias. Our schools celebrate Heritage Day and take trips to New York City. High school students participate in a variety of co-curricular club and sports activities, including state and national competitions. DECA and FBLA state and national competitions and Model United Nations conferences at Yale and Cornell expose the students to a diverse group of people. Students participate in Virtual High School, taking semester or year-long courses, interacting with, and learning from students throughout the country and around the world. The high school expects that every student will have the opportunity to understand varying opinions, diverse beliefs, and cultural differences. Link Crew acclimates incoming students and serves as a student-student support program. Students participate in fundraisers to support non-profit groups.

Equitable Allocation of Resources among District Schools

The Board of Education (BoE) allocates resources to ensure that all schools are well equipped, appropriately staffed, and properly maintained. Each school, beginning at the teacher level, is required to submit an annual budget request to the principal. While preparing school requests, principals and district administrators are charged with the responsibility of addressing students' needs through alignment with the district's annual priorities and goals. Individual meetings are held with central office personnel to review budget priorities. Additional meetings are conducted with the administrative council to prioritize district needs to allocate resources equitably. The superintendent prepares an annual budget for consideration to the BoE. Workshops are conducted as the Board examines budget recommendations. After approval by the BoE, the process continues to the Board of Finance and the budget is voted on by the taxpayers at referendum. This school year we held an in-person school and town budget referendum. New Fairfield has received tremendous community support with grants, bonding for school projects, and contributions that have helped support growth throughout the district.
