Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Improvement Plans and Parental Outreach. The focus of the Botelle Elementary School Continuous Growth Plan is to develop active, engaged learners who partner with their teachers in the formative assessment process. Teachers share clear learning targets and success criteria with students so they understand what they are learning, how well they've learned it and what they need to learn next. Students use success criteria and exemplars to self-assess and give peer feedback. Teachers also give specific, individualized feedback that advances student learning. Authentic learning tasks during reading and writing workshops provide students choice in directing their learning which increases motivation and engagement. These tasks are inherently differentiated, allowing all students, regardless of ability, to work successfully alongside their peers. In Math, students are engaged in inquiry, problem-based mathematics learning that focuses on deep conceptual understanding and communicating their reasoning. Curriculum revision and development in the English Language Arts and Mathematics will begin during the 2022-23 school year to respond to the Science of Reading research. Our special educator participated in professional learning on structured literacy and is supporting classroom teachers in explicit phonics instruction, along with the literacy specialist.

RULER, an emotional intelligence approach out of Yale is used to teach students to understand, identify and regulate their emotions. This approach, coupled with Restorative Practices, are used to maintain a positive school climate for students. When students feel safe and welcomed, truancy is reduced. Timely communication with families when absences accumulate is essential.

A parent survey is developed and administered in the spring of each school year. The results of the survey guide our goal setting for the following year. Staff communicate with families through the school website and teacher webpages, newsletters, fliers, Class Dojo, email and email blasts. The focus of these communications is informing parents what their children are learning and how they can help at home. Parents are engaged with student learning through a Meet and Greet, Open House, parent-teacher conferences and the annual Celebration of Learning. This event allows our students to showcase their learning from the year, taking their adult guests on an academic journey that highlights their accomplishments in all content areas. The event also includes the art show and spring concert as well as exposure to our MakerSpace. Families are also invited to writing celebrations, Good News Gatherings, the Veteran's Day assembly, DARE graduation, field day, parent-child lunches, and cultural events. Focus Groups are offered throughout the year so families have the opportunity to make suggestions, discuss school issues and share ideas. The PTO is very active and plans well-attended family fun activities, including the Spooktacular, Pizza and Movie Night and the Talent Show. The administration holds monthly meetings where families can drop in, virtually or in person, to discuss topics of their choice. We use this feedback to make changes to our programs.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Efforts to Reduce Racial, Ethnic, and Economic Isolation. The entire Botelle School Community is committed to reducing racial, ethnic and economic isolation. The PTO organizes many cultural arts events throughout the year. Yale musicians put on multi-cultural performances for students. Concerts feature music from different cultures. The Student Council, children and classrooms organize can drives and personal hygiene drives to support the local food pantries and shelters. After school activities and learning opportunities exist for students to study world languages. Our school librarian recently applied for and received a grant to increase multicultural literature. A new initiative, One Book, One School provided a shared picture book for students and families to read. Each month a diverse group was highlighted - coordinating with national monthly themes like Hispanic Heritage Month, Asian American Pacific Islander Heritage Month, Pride Month or Disabilities Awareness Month. Morning announcements included information about the significant accomplishments- both past and present of individuals represented in these diverse groups. Teachers provided additional instruction to students each month to teach them more.
