Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 0

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Graduation Rate Gap	.	.	.	.	.

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

School wide initiatives included: 1) Implementation of a guaranteed and viable curriculum aligned to state and national standards. This work includes aligned formative and summative assessments, regional curriculum mapping, engaging learning activities, and intervention strategies.

2) Continuous improvement of student achievement based on analysis of multiple data sources and responsiveness to this data.

3) Implementation with fidelity, precision, and purpose of the district's teacher and school leader evaluation plans.

4) Promotion of the positive social-emotional health and well-being of students.

Education is a shared responsibility and we value the participation of the entire community. Working together, community members, parents, families, friends, teachers, staff, and students facilitated the development of good citizens with strong values and keen intellects. We provided our children with a comprehensive educational experience including music, art, library, computer, Spanish, physical education and the opportunity for enrichment experiences including assemblies and field trips. Additionally we provided robust SEL learning opportunities for all students supported by classroom teachers, school counselor, psychologist, and partnerships with families. Research shows these activities nourish children's brains and stimulate their overall development. Unfortunately due to the pandemic the PTO was unable to support these goals by providing enrichment opportunities, assemblies, and opportunities for families to interact. We anticipate including enrichment activities as soon as the pandemic guidelines permit.

We value the critical role that families play in the educational process and view parents valued as partners in their children's education. From that viewpoint we strive to keep two-way communication active and ongoing throughout the year. We maintain both a school and a regional website. These sites have calendars, events and individual pages for staff members, providing links for routine parent-teacher communication via e-mail. Our annual open house and biannual student involved conferences were held virtually this past year. We encourage parent participation in both our Board of Education (BOE) and Parent Teacher Organization Meetings (PTO). Staff and Principal communicate electronically via our school website, PowerSchool Parent Portal, School Messenger, Google Meet, email and phone. We welcome parental feedback on school events and procedures. .

We look forward to the return of the "Everybody Wins" program that matches community volunteers with students to read and eat lunch together on a weekly basis. It has been a very positive program promoting nurturing relationships, bridges to our community, and reading.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Sharon Center School is a district of one school. We enroll students in grades K through 8, offering a traditional program of studies. Our official enrollment on October 1, 2020 showed 109 students. We graduated seventeen eighth graders, proudly sending them to Oliver Wolcott Technical High School, Marvelwood School, Stissing Mountain High School, and Housatonic Valley Regional High School.

Our efforts to reduce racial, ethnic, and economic isolation continue to be somewhat limited due to our geographic isolation. Programs such as Nature's Classroom, Grade Four Arts Day, the eighth grade class trip to Washington, D.C., and many other trips, attempt to enhance diversity. We link our school with inner city schools for the Nature's Classroom Program. The Grade Four Arts Day is yet another opportunity to bring various ethnic groups to our students. Students in grade eight travel to a city environment as part of their eighth grade trip. We seek opportunities to bring to our students assemblies that promote diversity. Our students experience cultural studies through their social studies program and foreign language program.

Regretfully students were unable to travel this year due to the COVID 19 pandemic. We plan to engage in these trips as soon as the pandemic guidelines permit it.

Equitable Allocation of Resources among District Schools

Sharon Center School is a district of one school. We enroll students in grades K through 8, offering a traditional program of studies. Our official enrollment on October 1, 2020 showed 109 students. Along with five other elementary schools, we finance a Regional High School covering a 250 square mile radius, a Superintendent's Office, and a Pupil Services Department. The funding from the local towns is based on a percentage basis. Each board of education presents a budget to the board of finance and to the community. A hearing is held in April and the first town vote is in May. Almost all of our funding is through local taxation. Less than 1% of our budget comes from the State of Connecticut and Federal funding.
