Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Vernon Public Schools believes that the educational programs and services available in the district provide opportunities for the academic, social, and emotional growth of our student population. Our district improvement plan and aligned school improvement plans along with parent & community outreach activities highlight our efforts to strengthen student learning outcomes. Vernon Public Schools has focused on strengthening partnerships with families during these unprecedented times. Two-way communication with families is extremely important. At the elementary level, we utilize SeeSaw as a communication platform; at the secondary level, we utilize Parent Square. Conferences and parent meetings have been offered virtually this year to allow families easier access and more flexibility. An important feature of these tools is that they have translation capabilities reducing the language barrier for families. Another strategy that we have implemented is home visits. Approximately 300 home visits have been conducted this school year with the focus on how home and school can partner together for the success of the student. This year the district hired 2 district social workers as part of the Family School and Community Partnerships (FSCP) team. The focus of their work has been partnering with families to develop strategies and interventions for student success. They have assisted in coordinating wrap-around supports for families. The FSCP team has supported families by connecting them to community resources for basic needs (food, clothing, energy assistance, etc.) All families in the district have access to Peace at Home Parenting which provides live and recorded webinars on a variety of parenting topics including topics such as navigating digital media, co-parenting, handling conflict, and dealing with stress. Parents of young children in the district have had the opportunity to participate with their children in a virtual playgroup "Laugh and Learn" which provides the opportunity for families to interact with others and gain school readiness skills. VPS staff has worked with families to identify barriers to school attendance and develop strategies together to address these concerns. School-based mentors have been provided to students at VCMS and RHS as one strategy to build connections to school for students.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Efforts to Reduce Racial, Ethnic, and Economic Isolation. Vernon is a diverse community with five elementary schools, one middle school and one high school. Rockville High School recruits students for Advanced Placement courses, Early College Experience (ECE) courses, and other courses that may garner college credit prior to graduation. All grade 10 and 11 students take the PSAT. A YES team (Youth Empowerment Squad) has been established to provide student voice in addressing the needs of all students within our schools. All students in grades K - 8 engage in the social awareness curriculum which teaches social skills. Students have alternative educational options such as Magnet Schools, Open Choice, and Charter Schools. ESL programs are offered at several schools. Our website offers many family-friendly functions including a translation feature for non-English speaking families. The district also utilizes phone translation and in-person translation services as needed. Vernon has provided extensive professional learning in curriculum writing and implementation ensuring that all students have access to the same rigorous curriculum and resources. VPS staff participated in professional learning opportunities this year to develop a better understanding of diversity and equity.

Equitable Allocation of Resources among District Schools

The Vernon Public School district has a common curriculum guaranteed for every student. All curriculum resources are located on the secure staff portal ensuring equitable access among all classrooms. The elementary principals collaboratively plan their budgets to ensure equity among resources. All initiatives are systemic in Vernon ensuring that each student, K - 12, will have access to the same rigorous curriculum. Each student shall be given equitable access to education and student technology resources are available at all schools at all grade levels. Community members have access to any and all communication media, newsletters, periodicals, advisory services and representation in actions affecting education in general and the public schools in particular. All Schools have a leadership team which provides input to the principal and the building leadership team on the school improvement plan and other initiatives in the school. Schools provide portal access to parents and families for the ASPEN Student Information System and sponsor monthly newsletters to recognize students and families.
