Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

Opportunities for reducing racial, ethnic, and economic isolation are provided to all high school students with the opportunity to choose one of eight available high school programs (Griswold High School, H. H. Ellis Technical High School, Killingly Agricultural Education Program, Marine Science Magnet High School, Norwich Free Academy, North Stonington Wheeler High School, Norwich Technical High School, and Quinebaug Middle College) located throughout Eastern Connecticut.

We provided a free early childhood program funded by a School Readiness Grant, free transportation, and free lunch for all three- and four-year-old students in Voluntown of all racial, ethnic, and economic backgrounds, including children with disabilities.

Grade 6 students participated in a human rights unit based on Legacy program lessons. The upper grades complete units on current events. Grade 1 - 8 participated in our Annual Metric Olympics Day. Students estimated and measured in metric units, in honor of Metric Day (10-10). Each grade was assigned a country to represent in the Metric Olympic events. Students competed and had the opportunity to explore facts about their country, its national song, its flag, as well as sample food items representative of their country.

Our students raised money in support of the Leukemia and Lymphoma Society (Pennies for Patients), Jump Rope for Heart (American Heart Association), Heifer International, and the CCMC for Childhood Cancer (Vie for the Kids and Pajama Day).

Our PTO hosted school-wide activities in order to bring authentic, educational, entertaining, and diverse experiences to our students.

Intensive staff development centered on equity, diversity, tolerance, and cultural competence in order to ensure that all children became proficient readers by the end of second grade, regardless of their backgrounds.

Equitable Allocation of Resources among District Schools

We have one Preschool through eighth grade school in the district, which allows for equitable distribution of resources.
