Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Griswold School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Griswold Public Schools are grounded in continuous improvement, and our district "Griswold Forward" advancement plan involves all stakeholders. Our district School, Community Voice Team (SCV), along with our administration and Board of Education, monitors this plan; each of our buildings has a School, Community Voice Team. These SCVs include faculty, staff, students and families and we provide training for all team members to acclimate themselves to the work of the team. The SCVs meet periodically throughout the year to discuss community engagement, to review relevant data, and to cast a wide net on different stakeholders to ensure we have a participatory feedback loop in our district. All schools align their annual goals to our district improvement plan. Our new department of Teaching, Learning, and Innovation also drives district improvement in future-focused initiatives that include blended learning models, co-designing new opportunities for our students, implementing an SEL curriculum, family and community engagement, and strengthening our Tier 1 instructional practices. Our educator evaluation model in Griswold includes a district-designed teaching framework with rubrics that speak to how well we are doing on district goals and instructional improvement. Our district improvement initiatives enlist parents and students via survey feedback, and our work is widely publicized on our web pages and in other communications such as newsletters. We also review and discuss our progress in our monthly District Partnership Advisory Council meetings and at our School Readiness Council. Consistently communicating with our parents and the community is one of our highest priorities, especially during this COVID-19 pandemic era. We provide frequent updates to our community via email, phone, text, and our district website. To help with communication, our schools maintain a weekly digital folder of relevant school and community information. Each school has an active parents' organization and active booster groups that have provided funding during budget shortfalls for extracurricular programming. There is a monthly opportunity for Special Education parents to meet directly with the supervisor of Special Education, and with our newly created position, the Family Engagement Specialist. Our district works closely with the Town of Griswold and with Parks and Recreation. A prime example was our coordination in partnering with the town on our Summer Learning Program. We also work with the town to publicize after school opportunities for student programming. Each school has presented evening programming on a range of topics, which include SEL learning, fundraising, and raising awareness on social justice topics. To achieve outcomes for students, we have engaged in a district wide curriculum revision to align curriculum and instruction to standards, assessments, and the acceleration framework. Teachers at each grade level are developing teacher-generated performance tasks and other assessments, in addition to our district standardized measuring instrument--NWEA MAP. Our goal is to measure student growth so that we can best individualize learning for our students.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Students participate in various regional, state, and national activities designed to connect students of all cultures in academics, athletics and other activities. Coordinated efforts are orchestrated to connect students at every grade level with educational opportunities within our state and in the region. Griswold Middle and High school students participated in a collaborative leadership training that incorporated youth from Griswold and Putnam school systems. This training was sponsored by Griswold PRIDE (Partnership to Reduce the Influence of Drugs for Everyone), emphasizing essential training skills to leadership, anti-marginalization awareness, academic achievement, and work place success. The GHS Student Council participates in overnight leadership conferences each year, sponsored by the Connecticut Association of Schools. In addition, GHS has an active Model Union club that fosters cross-cultural sharing, learning, and awareness. The World Language, Social Studies, and English/LA teachers deliver curricula that expose students various regions, peoples, and cultures. The music department participates in state festivals, New England festivals, and national festivals that provide students a rich opportunity to meet and work with students from diverse populations. The high school welcomes international exchange students each year, including school year 2021-2022. Griswold students have school choice options available in the region, including many of the schools in the New London Public Schools district. Our enrollment in Virtual High School has increased in the last several years, connecting students from all over the world. There is a growing diversity in our school district, and our commitment to equity is a deliberate practice and articulated in our district advancement plan. We have an "Ensuring Equity" committee, which includes various stakeholders and that started meeting last school year and will continue to meet this school year. Each school has a strong history of integrating multi-cultural content into curriculum and instruction highlighted by inviting guest authors, musicians, and performers on a regular basis. All three schools have advisory/activity times that allow students to interact with various students and faculty frequently.

Equitable Allocation of Resources among District Schools

Griswold Public Schools believe in educating for excellence for all, and thus our school district anchors our budget in what is best for students. Supported by a commitment to continuous improvement, our budget development and management processes help to ensure that there is an equitable allocation of resources among district schools and programs. Any identifiable inequities that have surfaced naturally in the system are addressed and corrections are implemented. An annual staffing proposal is developed by administration and approved by the Board of Education. It includes adjustments based on enrollments or special needs. Even during difficult budget years, class sizes are very favorable to student learning and direct teacher contact time. With all three buildings on one campus, staff can be shared and reallocated easily. We have an off-campus Alternative School; plans are underway to relocate that school closer to campus. The Board welcomes budgeting suggestions from staff, parents, and the community at several of the fall meetings, public hearings, and informal meetings such as the monthly school PTO meetings and at our DPAC (District Partnership Advisory Council) meetings.
