Notes

Unless otherwise noted, all data are for 2021-22 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Hartland School District

Narratives

School District Improvement Plans and Parental Outreach Activities

In support of the Board of Education's mission and goals, the Hartland School community is committed to making an engaging and robust education that is accessible to all students. The school provides high-quality instruction so every learner is given the opportunity for achieving a high standard within an inclusive setting. The district's collaborative model includes professional learning opportunities for teachers and paraprofessionals, focusing on reading and mathematical strategies, assistive technology, and social emotional learning.

Staff communicate with families through the school website and teacher webpages, newsletters, fliers, phone calls, email, and email blasts. Parents are engaged with student learning through Open House, Curriculum Night, and parent-teacher conferences. Whole school celebrations and cultural events were shared with parents and families as well. The PTO is very active and plans well-attended family activities throughout the year.

Hartland School created and maintained an attendance committee to monitor student engagement and attendance. When students accumulate absences, letters are sent home and phone calls are made to alert parents, in an effort to increase attendance and develop a plan to support the student and family.

Monthly celebrations were created for staff and students in order to bring the school community "together" throughout the year. The activities allowed the whole school to focus on social emotional learning and making connections with each other.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Hartland School is a small Pre K-8 school and is geographically isolated. The Hartland community is very close knit and highly values the efforts to support 21st century skills in our learners. Hartland School provides all students in grades 3-8 with individual Chromebooks for instructional purposes. We have also been able to support our Cultural Arts programs to bring in culturally diverse artists, to fund visits to artists, museums, and talks that broaden children's perspectives, and develop appreciation for the richness that diversity offers to life. Each year, Hartford Stage visits students in grades five and six. During this time, the artists in residence alongside students, dig deeply into a work of literature that addresses social inequities and prejudice.

Equitable Allocation of Resources among District Schools

Hartland School is the single PreK-8 school in the district. Our high school students use vouchers to attend the high school of their choice. As such, our biggest challenge is ensuring that students are aware of all the options available to them. Several of our students attend Vo-Ag programs, Technical School, STEM and Arts Schools. This year, information was sent to families regarding the different programs offered due to current restrictions.
