Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

In Simsbury, an equitable system ensures all community members can reach their full potential. Learning opportunities are provided for students to reduce racial, ethnic, and economic isolation. In alignment with Simsbury's Vision of a Graduate, our curriculum, instruction, and corresponding experiences are structured to develop global citizens who contribute to society with integrity, compassion, & resilience while considering diverse perspectives and cultures. A position directed to oversee these efforts, a Director of Equity & Access, was created and is in its third year. The role was developed to ensure that our schools are safe, engaging, and inclusive communities where every student develops our Vision of a Graduate competencies.

The district Equity Council works to recognize & address the biases & inequities that exist within our school system, examines data, and recommends policies & practices to the Board of Education. We provide opportunities that guarantee access for all students to meet and exceed academic, social, & civic expectations. Efforts include a newly invigorated recruitment and retention committee; the expansion of Employee Resource Groups; devoted time to teach social-emotional learning with a K-12 curriculum; enhanced literature across the district related to various cultures, races, and traditions; well-developed character education programs; family-sponsored cultural enrichment programs; mentorship of middle school students by Legacy; after-school care (SEED); K-12 curriculum reviews to ensure our students experience standards-based opportunities to develop as global citizens; world language opportunities in grades 4-12; choice workshops during the high school's Equity Week.

The Open Choice Liaison works with students, families, and staff to make programmatic improvements. Beyond Open Choice, many efforts highlight our commitment to reducing racial, ethnic, and economic isolation. Open Choice students have access to after-school programs and sports, including the Gertrude Banks Gospel Choir, with students from Hartford and Simsbury. We have a collaborative culture relentlessly focused on the competence and growth of all students, staff, and every leader so that SPS demonstrates academic, cultural, and social-emotional competence.

Equitable Allocation of Resources among District Schools

Equitable distribution of financial and other critical resources, including high-quality educators, college-preparatory curriculum, and support services, create the foundation necessary for all students to succeed. Preparing students to meet 21st-century expectations relies on the commitment to allocate sufficient finances, skilled staff, and additional resources based on student and school needs. Metrics considered when determining the equitable allocation of resources include projected enrollment numbers, BOE class size guidelines, special education enrollment, student performance measures, and specific school priorities based upon that and other data. Administrators make need-based requests to the superintendent, which are vetted and presented to the BOE. Several BOE meetings are held throughout the budget process to address requested funding areas. Meetings are taped by Simsbury Community TV and broadcasted. Community input is welcomed during this process. Once approved by BOE, the budget is submitted to Simsbury's Boards of Selectmen and Finance, presented at public meetings, and finalized with a spring vote.
