Notes

Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

District	94.0	449	19.8
State	95.2		44.3

³Students demonstrate postsecondary readiness through at least one of the following:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam
- Earning three or more non-remedial college credits cumulatively during high school.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Waterbury School District

Narratives

School District Improvement Plans and Parental Outreach Activities

The district began rebuilding a mental health framework to address our students' social, emotional, and behavioral needs. WPS has partnered with Community Mental Health Affiliates (CMHA) to treat students in select schools with trauma symptoms. WPS has partnered with the Department of Children and Families (DCF) to provide support to students, families, and staff through Family Support Liaisons that educate and connect staff and families to resources that support the needs of students and lead to a reduction in DCF Careline calls. WPS has partnered with Sandy Hook Promise to launch the Sandy Hook Promise Anonymous Reporting System, where students in grades 6 through 12 can report threats of harm to self and/or others.

During this past year, the Special Education Department was restructured to include 2 Assistant Directors of Pupil Services to assist with the department initiatives, including a continuum of specialized programs and pupil services initiatives. In addition, specific supervisors were assigned to provide ongoing support and build staff capacity at schools, while other supervisors were assigned to specific specialized programs, PK-12, or pupil services. A key focus area included building staff capacity with the new electronic IEP platform, CT-SEDS, and IEP Quality Training for special education and related services staff.

Building and central office staff meet monthly to collectively problem-solve, share resources, co-create solutions, and monitor results to ensure students could fully engage. In addition, WPS has developed and distributed a community resource guide, available in our schools and distributed by our community partners such as United Way or DCF. This extensive resource list includes connections to medical and mental health needs, food pantries, shelters, and transportation.

The district engaged in a new partnership with CREC under the Connecticut Family School Partnerships, or CFSP. Welcoming walkthrough initiatives were implemented at Crosby, Wilby, Bunker Hill, and Generali. Through these initiatives, building administrators, district administrators, parents, staff, students, and community leaders volunteered their time and efforts to review school practices, school climate/environment, communications, and school safety to provide feedback on improvement. This will include school signage, communications to families in multiple languages, and additional individual school improvement needs as specified by the walkthrough volunteers.

The Learner Engagement Attendance Program, or LEAP, has been established in seven WPS schools: Crosby High, Wilby High, Kennedy High, Enlightenment, Wallace Middle, West Side Middle, and Driggs Elementary. Teams of certified and non-certified staff have been created at the aforementioned participating schools to partner with parents, families, and guardians of students coping with significant absences. Phone Calls, Home Visiting, Community Outreach, Connection to Resources, and Follow-up are the interventions used to assist in the process. Community fairs, back-to-school rallies, community advertisements, and ParentSquare have been used to communicate with families about the importance of daily school attendance. There have been over 3,000 connections to families have been made through LEAP.

Efforts to Reduce Racial, Ethnic and Economic Isolation

District students and staff represent many racial, ethnic, and cultural backgrounds. Students from diverse backgrounds interact with each other at all schools. In August 2021, the district hired its first Director of Equity and Inclusion. The DEI works with and supports the District Equity Leadership Team (DELT), which designs programs and goals to address the domains of curriculum and instruction, Professional Learning, Culture and Climate, Family and Community Partnerships, and Recruitment and retention. The DELT includes parents, community partners, WPS staff (certified and uncertified), and district administrators. In the past year, the district hosted a community viewing of the education documentary "Defining Us," where parents, staff, community partners, and students had the opportunity to meet the filmmakers and discuss equity in education. To build the capacity of the staff, an Equity as Leadership series of Professional Developments was completed by all building and central office administrators. The district also secured a new equity training partner, RE-Center, to provide ongoing support and training for establishing School Equity Leadership Teams in all 33 sites/programs. This work will expand as the district also works to create youth equity squads for all middle and high schools. Intake professional development on WPS equity policy and expectations have been provided to new educators in the district. The district has also launched an Equity, Diversity, Inclusion, and Access monthly newsletter to promote the awareness and celebrations of heritage months and the events or programs developed at the different schools.

Also, 110 students have earned the Seal of Biliteracy. WPS is in its second year of implementing its International Dual Language School, where students learn English and Spanish in a dual immersion model.

WPS has continued to increase our focus on minority teacher recruitment, including attending nine HBCU virtual career fairs and using a variety of recruitment platforms to reach as many candidates as possible.

Finally, WPS has three inter-district magnet schools; one with a multicultural and science theme and two with an arts theme. Each magnet school draws at least 30% of its students from neighboring suburbs.

Equitable Allocation of Resources among District Schools

District officials carefully weigh school and student needs against available funding, including state and federal entitlement grants, to allocate resources. Principals can present school budget requests through their Assistant Superintendents as needed and are encouraged to engage all staff in submitting items necessary for improved culture, climate, and instruction. The district recognizes that only some schools have the same needs. The Chief Academic Officer and Content Supervisors submit budget requests for curriculum development or program enhancement. Some funds are allocated with district-wide impact, while others are related to specific school needs and enrollment. High-poverty schools or schools with special programs may need additional support, older buildings may require updates, and some schools may experience changes in student enrollment. Some schools, such as magnet schools, can access additional funding through the State. All schools have access to additional support through competitive grants and educational partnerships. By carefully considering all aspects of the budget, the district can provide an equitable allocation of resources to all schools and all student
