Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

Narratives

School District Improvement Plans and Parental Outreach Activities

Region One's strategic plan is designed to weave the efforts of the seven regional schools with a long view, allowing each district to identify areas to focus each year to guide their professional work, while keeping all seven districts moving to the same end goals.

Sharon Center School District is committed to providing high-quality education through continuous improvement and strong community partnerships. For the 2023-2024 school year, our faculty focused on aligning instructional practices with the Continuum of Professional Practice, promoted Diversity, Equity, Inclusion, and Belonging (DEIB), utilized the EduClimber data management system to support Multi-Tiered System of Supports (MTSS), and enhanced school culture through integrated co-curricular activities.

Through common planning meetings, teachers aligned their practices with the Continuum of Professional Practice to ensure consistent, high-quality instruction tailored to meet diverse learning needs.

Staff worked to foster an inclusive environment where all students, including those with disabilities, feel valued and supported through targeted DEIB training and practices, specific to Teaching with Compassion.

Building level professional development provided supported staff in garnering a better understanding of EduClimber and MTSS (Multi-tiered System of Support). Staff's ability to leverage EduClimber allowed for efficient tracking and analysis of student data, which enabled timely and effective interventions within our MTSS framework to support all students comprehensively.

Ongoing professional learning was targeted to equip staff with the latest strategies and resources to address the unique needs of students with disabilities, ensuring equitable access to education. This professional learning involved the implementation of morning meetings throughout the building with a focus on Habits of Mind. In addition, our school counselor implemented the Character Strong program through her school counseling classes to support Social Emotional Learning for all students.

We value the critical role that families play in the educational process and view parents as partners in our children's education. From that viewpoint we strive to keep two-way communication active and ongoing throughout the year. We maintain both a school and a regional website. These sites have calendars, events and direct contact to staff members for routine parent-teacher communication via e-mail. We host an annual open house at the beginning of the year providing parents with the big-picture for the upcoming year. In addition, we invite parents and caregivers two times a year to meet with school staff, the first meeting is a traditional parent/teacher conference that occurs in October. The second meeting is a Student-Led conference in March. We encourage parent participation in both our Board of Education (BOE) and Parent Teacher Organization Meetings (PTO). The PTO sponsors an annual Back-to-School picnic that is attended by students, parents, families, and faculty and staff members. Teachers and school administration communicate via our school website, PowerSchool Parent Portal, School Messenger, Google Meet, email and phone.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Sharon Center School is a district of one school. We enroll students in grades EK through 8, offering a traditional program of studies. Our official enrollment on October 1, 2023 showed 98 students. We graduated eleven eighth graders, proudly sending them to Housatonic Valley Regional High School and other area districts.

Our efforts to reduce racial, ethnic, and economic isolation continue to be somewhat limited in 2023-2024 due to our geographic isolation.

Programs such as Nature's Classroom, Grade Four Arts Day, the eighth-grade class trip, and other field trips, attempt to enhance diversity. We seek opportunities to bring to our students assemblies that promote diversity. Our students experience cultural studies through their social studies program and foreign language program.

Equitable Allocation of Resources among District Schools

Sharon Center School is a district of one school. We enroll students in grades EK through 8, offering a traditional program of studies. Our official enrollment on October 1, 2023 showed 98 students. Along with five other towns, each with their own elementary school, we finance a Regional High School covering a 250 square mile radius, a Superintendent's Office, and a Pupil Services Department. The funding from the local towns is based on a percentage basis. Each board of education presents a budget to the board of finance and to the community. A hearing is held in April and a town vote is in May. Almost all of our funding is through local taxation. Approximately .4% of our budget comes from the State of Connecticut and Federal funding.
