Notes

Unless otherwise noted, all data are for 2023-24 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

²The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

³Only students assessed in all four areas are included in this calculation.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

School District Improvement Plans and Parental Outreach Activities

School District Improvement Plans: The Board has a Strategic Plan prioritizing finances, facilities, transportation, public relations, students as a focal point, and curriculum.

A Curriculum Steering Committee meets on a regular basis and updated our Language Arts Program with Houghton Mifflin Harcourt Into Reading which is a model K-3 state approved curriculum. Our Math program utilizes the Eureka Math2 K-5 and Glencoe 6-8 series for math instruction. Our Language Arts and Mathematics programs to align to the Connecticut Core Standards, with the implementation of ELA and Math Units of Study. Science instruction aligns to the Next Generation Science Standards and our Social Studies Units of Study to align to the CT State Framework. In 16-17 we implemented Standards-Based Report Cards in K-4 and Foundations (K-3). Art, Music, Computer, Library, Physical Education-Health Units of Study are updated on an ongoing basis. Professional development for teachers focuses on improving instruction, assessment practices and promoting the health and wellbeing of students.

Our preschool program offers a variety of experiences in a half-day program with transportation and a family style meal provided. Full Day Kindergarten extends early childhood initiatives to document excellent academic, social and emotional growth, especially as students enter first grade.

Title I allows students in grades 5-8 to receive additional support with academic and study skills. MTSS systematically identifies student needs to implement academic at Tier I, II and III in reading, math and behavioral support based on Benchmark Assessment Data (STAR, CORE Phonics, DIBELS and other pertinent assessments).

Our Safe School Climate Committee implemented a Mentoring Program to create opportunities to build positive relationships between staff, community members and students. Service Learning Projects are also done throughout the year to promote community relations.

We focus on being kind to yourself and others by living a healthy, positive lifestyle. Various assemblies provided by PTO and YSB, a school-wide Spirit Week, and comprehensive Health and Guidance program encourages school safety and promotes a positive well-being for all. Professional development includes a variety of topic but not limited to the Science of Reading, social-emotional well-being of students, and content area professional learning.

Parental Outreach Activities: Home-school communication and support includes Open house, Conferences, JHS-HS Information and a High School survey of student choice from eight designated high schools. We schedule such family events as Math Night, School Garden Clean-Up, Field Day, Trimester Assemblies-Annual Awards Ceremony, Family Literacy Activities, a Take-Out Pasta Dinner, and other family friendly activities such as a Family STEAM Night, Screen Free Week, Family Movie Nights, Fall and Spring Family Book Fair Nights, Family Dance, and a Family Paint Nights are other outreach activities.

Our Early Childhood Council meets on a regular basis and includes parent, school and community representatives. Voluntown Youth Service Bureau (YSB), in cooperation with the school, supports annual programs to strengthen our home-school connection as well as offer activities for children. Parent resources are located within our library for parents to access.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Opportunities for reducing racial, ethnic, and economic isolation are provided to all high school students with the opportunity to choose one of eight available high school programs (Griswold High School, H. H. Ellis Technical High School, Killingly Agricultural Education Program, Marine Science Magnet High School, Norwich Free Academy, North Stonington Wheeler High School, Norwich Technical High School, and Quinebaug Middle College) located throughout Eastern Connecticut. We provided a free early childhood program funded by a School Readiness Grant, free transportation, and free lunch for all three- and four-year-old students in Voluntown of all racial, ethnic, and economic backgrounds, including children with disabilities. Our students raised money and/or goods in support of the local food bank, Jump Rope for Heart (American Heart Association) and the CCMC for Childhood Cancer (Vie for the Kids and Pajama Day). Our PTO hosted school-wide activities in order to bring authentic, educational, entertaining, and diverse experiences to our students. Staff development centered on equity, diversity, tolerance, and cultural competence in order to ensure that all children became proficient readers by the end of second grade, regardless of their backgrounds.

Equitable Allocation of Resources among District Schools

We have one Preschool through eighth grade school in the district, which allows for equitable distribution of resources and programming.
