KANSAS STATE BOARD OF EDUCATION

Great students. Great teachers. Great leaders. Great citizens.

The mission of the Kansas State Board of Education is to prepare Kansas students for lifelong success through rigorous academic instruction, 21st century career training, and character development according to each student's gifts and talents. To accomplish this mission the State Board has identified four goals. They are as follows:

- Provide a flexible delivery system to meet our students' changing needs.
- Provide an effective educator in every classroom.
- Ensure effective, visionary leaders in every school.
- Collaborate with families, communities, constituent groups, and policy partners.
