Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

District	1,052	24.4	51	1.1
State		19.0		1.4

Number of students in 2019-20 qualified as truant under state statute: 454

Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	24.4%	<=5%	19.0%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	86.6%	7.4%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Middletown School District

Narratives

School District Improvement Plans and Parental Outreach Activities

Middletown continues to strive toward meeting the needs of ALL students through the whole learner framework. Through the Office of Teaching and Learning (OTL) and its departments, cross-functional activities occur on a daily basis to support the district's strategic operational goals in teaching and learning. This includes implementing a culturally relevant curriculum, personalized learning for students, instructional support through MTSS (inclusive of social and emotional supports), expansion of early childhood education, and expanding high school options and pathways. Supporting this work are building leaders, directors, supervisors, and instructional coaches system-wide.

Special education coaches work collaboratively with the Department of Special Education, OTL, and school-based leaders to provide professional development, coaching, and support to pupil services teams in all grades and students participating in the transition program. During the 2021-22 academic year we will be intentional in providing meaningful professional development to all certified and non-certified staff through a blended learning approach. Some of these opportunities will include: How to build an IEP, trauma-informed practices, and best practices of the MTSS framework. Utilizing a universal screen, the CASEL standards, and evidence-based practices, the framework has currently been rolled out in 6 elementary schools, our new middle school, and the high school. Additionally, Middletown continues to use RULER at all schools. This year the Special Education Department will work with the Directors of curriculum on the implementation and training on the continued rollout of revised curriculum grounded in the Universal Design for Learning.

We continue to expand support and services for transition at the secondary level. The district continues to develop new job sites, especially after a pause due to the pandemic, to allow students a pathway to competitive employment. The MTC Print Shop provides students with in-house opportunities to practice online ordering, manufacturing, retail, delivery, and finance skills.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Middletown continues to offer programs for students, staff, families, and community members designed to enrich interaction and understanding among Middletown's diverse educational community. With the sunset of the Strategic Operation Plan (SOP) Middletown 2021: Keys to Innovation and Equity, MPS will embark on a bold SOP called Middletown 2024: Elevating Innovation, Creativity, and Equity. With the implementation of this plan, it will achieve equity by creating instruction and related support structures that are accessible, transformative, personalized, and evidence-based to ensure no learner is marginalized; it will transform our operations to remove structural and systemic barriers to deliver efficient, effective, and equitable learning and working environments; it will boldly transform education in MPS by nurturing the individualized growth of ALL students, by putting choice, voice, and ownership at the center of our innovative models; and it will create, in collaboration with students, faculty, staff, and families nurturing and safe learning and working environments prioritizing relationship-building, well-being, equity, empathy, trust, and justice. Examples of this work includes: Consolidation of two middle schools into one new school building with a STEAM focus; Racial Equity Audits and Training; Equitable grading at the Secondary and Middle School level; expansion of Pre-K programming; School Choice at McDonough, IB program at Lawrence; intentional recruitment and hiring of people of color; the introduction of a Director of Diversity, Equity, and Inclusion; equity coaches at every school; and expansion of summer, before and after school programs. The district continues to aggressively pursue grants, collaborations, and partnerships in an effort to reduce racial, ethnic, and economic isolation.

Equitable Allocation of Resources among District Schools

Beginning in 2020-2021 the district fully implemented equity-based budgeting (EBB) and is gradually moving toward bound autonomy focusing on equity, transparency, and flexibility. EBB allows Principals to define the resources they need to drive student achievement based on student need in their individual school facility. The focus of educational resources shifts to the student and gives increased control to the principals. Weighted funding to align spending and individual student needs is being calculated for school-based budgeting.

Funding sources include: City fund; Entitlement grants; State and Federal grants; pandemic supports such as ESSER, Cares Act; and other pandemic relief funds which are supporting accelerated learning opportunities, SEL needs and facilities upgrades for healthier learning environments.
