Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: Fewer than 6

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

	NAEP 2019		NAEP 2013
READING	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	7.5%	<=5%	19.0%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.6%	0.4%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Each of the New Fairfield Public Schools prepares a school improvement plan aligned with the district priorities and goals, including steps to improve student achievement. The staff continues to function as a Professional Learning Community (PLC) to ensure that ALL students achieve high levels of learning, that we focus on student academic results by using relevant data and information to promote continuous improvement, that we create a collaborative culture through high-performing teams, and that we maintain a welcoming environment for our families. All schools use Positive Behavioral Interventions and Supports (PBIS). Data from i-Ready are used districtwide to inform targeted academic interventions. Reading teachers, coaches and consultants in the district work with staff using benchmark data in language arts. The elementary and middle school math coaches help teachers develop goals to address students' needs across teams and grade levels. MHHS and Consolidated staff members continue to be active participants in data teams that analyze student data based on pre and post formative assessments (CFAs) and benchmark assessments to adjust instructional plans and incorporate best practices to maximize student achievement. Each school uses data teams to analyze identified problems of practice and gaps in student learning. A vertical data team oversees the work across grade levels. At New Fairfield Middle School, teams meet with administrators to develop action plans for students not meeting expectations. Students prepare a Student Showcase for their families to discuss their plans for continuous improvement and learning. At New Fairfield High School, the data teams work to improve instruction and student achievement. Seminars and the Alternative Learning Center programs continue to support student needs. The Senior Capstone is a graduation requirement for all students, culminating in a community exposition where students present their work: community service projects, entrepreneurial ventures, internships in public and private organizations, and as teacher assistants. Programs held for parents include course selection, co-curricular events, and college financial aid. The high school also works closely with the Local Prevention Council to support programs and activities to strengthen the school and community. All schools are committed to providing a broad spectrum of programs and support services to address student needs and inform families regarding student progress. Visit our website at www.newfairfieldschools.org and follow our Twitter feeds for more information about our schools.

Efforts to Reduce Racial, Ethnic and Economic Isolation

The New Fairfield Public Schools continue to utilize grants and local resources to make efforts to reduce racial, ethnic and economic isolation. We are proud to say that all of our schools were open in-person for the 2020-21 school year. At Consolidated School (PK-2), students learn to respect and value all people, seeking opportunities to develop an awareness of people and customs from around the world and to benefit from the ideas, wisdom, and experience of others. Special area educators teach art, music, literature and recreational customs of different cultures. The State Personnel Development Grant evaluates policies, practices and the physical environment to make families and community members feel valued and connected. Consolidated School and Meeting House Hill School (3-5) welcome parental involvement in their child's educational experience. The PTO supports the schools through mini-grants and gifts so that programs such as Child's Play, High Touch-High Tech and author visits can enrich the students' education. MHHS is continuing with C.A.R.E.S. to focus on Cooperation, Assertion, Responsibility, Empathy, and Self Control. Through the middle school's (6-8) developmental guidance classes, topics of stereotyping, bias, discrimination and bullying are addressed. JoAnn Freiberg has worked with district administrators and middle school staff on improving school climate, restorative practices and implicit bias. Due to the pandemic, the world language department did not sponsor a cultural heritage day and multicultural trips to New York City, but this will continue in the future. High school students participate in a variety of co-curricular club and sports activities, including state and national competitions. DECA and FBLA state and national competitions and Model United Nations conferences at Yale and Cornell expose the students to a diverse group of people. Students participate in Virtual High School, taking semester or year-long courses, interacting with and learning from students throughout the country and around the world. The high school expects that every student will have the opportunity to understand varying opinions, diverse beliefs and cultural differences. Link Crew acclimates incoming students and serves as a student-student support program.

Equitable Allocation of Resources among District Schools

The Board of Education (BoE) allocates resources to ensure that all schools are well equipped, appropriately staffed, and properly maintained. Each school, beginning at the teacher level, is required to submit an annual budget request to the principal. While preparing school requests, principals and district administrators are charged with the responsibility of addressing students' needs through alignment with the district's annual priorities and goals. Individual meetings are held with central office personnel to review budget priorities. Additional meetings are conducted with the administrative council to prioritize district needs to allocate resources equitably. The superintendent prepares an annual budget for consideration to the BoE. Workshops are conducted as the Board examines budget recommendations. After approval by the BoE, the process continues to the Board of Finance and the budget is voted on by the taxpayers at referendum. This school year we held an in-person school and town budget referendum. New Fairfield has received tremendous community support with grants, bonding for school projects, and contributions that have helped support growth throughout the district.
