Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

Number of students in 2019-20 qualified as truant under state statute: 14

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

READING	NAEP 2019		NAEP 2013
	Grade 4	Grade 8	Grade 12
Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Students with Disabilities	75.9	0	0.0
District	91.3	43	24.9
State	85.0		36.0

³ College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate
Chronic Absenteeism	All Students	40.8%	<=5%	19.0%

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.3%	0.7%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Students from all socioeconomic levels are fully integrated into our school district. Working collaboratively with six elementary schools, HVRHS continues to offer enrichment programs, provide extensive diverse course offerings, participate in field trip activities inclusive of national and world travel, an AFS exchange program, community service, music, theatre, arts, and athletic programs. Our community supports these programs with robust fundraising to support international travel opportunities as well as scholarships. Last year, our various scholarship organizations awarded \$366,000 to our graduating seniors.

We have redoubled our efforts to include students of all ability levels in heterogeneous courses in senior electives in our English courses, and we have developed policies to promote diversity and inclusion in our school and its programming. One example of this inclusion is our Mountain Climbers course, in which Regular Education students pair with Special Education students to prepare them for the Special Olympics, but this kind of acceptance and collaboration occurs regularly in more traditional courses as well. The development of our Bridges program has supported at-risk students without IEPs, resulting in a significant decrease in dropouts among that population, while our Alternative Learning Program for Student Success (ALPSS) serves students with IEPs that include intensive emotional needs. Consequently, we have retained many students who might have otherwise been outplaced.

This past year's COVID challenges required very different engagement with parents, and in addition to surveys, we conducted periodic parent meetings to discuss our evolving mitigation strategies and needs, and to solicit input from parents about our plans. New digital technologies have aided this effort, and we intend on retaining them as options for parents in support of events such as parent conferences and night presentations.

Efforts to Reduce Racial, Ethnic and Economic Isolation

This past year, we hosted three AFS exchange students from Germany, France, and Italy. We offer programs such as: French, German, and Spanish Clubs; FFA; Community Service Club; Quiz Bowl; Envirothon; Robotics, and Rotary Interact that all connect students with the larger community, and our Capstone program includes Technical Advisors that are solicited from the local towns. Our Envirothon team, composed of culturally and economically diverse team members, continued to compete in a virtual format this year. Students also have opportunities to travel to Costa Rica, Italy, and Quebec in the coming year. We continue to raise funds for a number of philanthropic concerns through our organizations. Our nationally recognized Agricultural Education Science and Technology program attracts students from all six communities and tuition-paying students from MA, NY and other neighboring school districts. Students from varying backgrounds work collaboratively to enhance the opportunities and issues in agriculture-related fields not only for their own education, but also for the community at large. Our agricultural, academic, leadership, robotics, technology, music, and world travel groups offer experiences for national and international travel. We participate in various statewide events and assemblies to continue our interactions with students from across the state and country, and even during the past year, our students participated in virtual forums that connected them with experts from around the world such as NASA astronaut, Florence Tan.

This past year we revised our Diversity, Equity, and Inclusion policies in light of the need for more extensive education on the role of traditionally underrepresented groups in our nation's history and culture, and we are piloting open-enrollment options for new courses in BIPOC and Pride Literature that will allow any student to take those courses with appropriate reading and writing challenges. We also continued to support that 1-1 Chromebook program that provides every student with a Chromebook to access course material and instruction. While this was a necessity this year, it is a program that has been in place for several years. We also made efforts to work with local organizations to address internet access in the area to all.

Equitable Allocation of Resources among District Schools

Housatonic Valley Regional High School is the only school included in the Region1 budget, so it does not compete with area schools. Historically, our community has provided generous financial support for the school.
