Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 15

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

Connecticut	40	41	50
National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. State	85.0		36.0

³College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	93.8%	0.3%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Region 9 provides students with identified disabilities direct support through their individual education plans which allow them to develop and implement appropriate transition plans for their post-secondary education and career goals. During the 2019-20 school year, the district provided services for 14% of students and all of those students were on track for timely graduation. The majority of students are spending 88% or more of their time with non-disabled peers. Students receive support and direct instruction on reading, research and analytical writing skills. Co-taught course offerings focus on Algebra 1 and Geometry to ensure students are developing college-ready math skills. Our in-district autism program continues to provide direct individual instruction in functional academics, communication, daily living skills, and social skills. Students develop their vocational skills both on-campus and in the community.

Our Unified Sports program involves exceptional and typical children working together in team activities such as basketball, bowling, soccer, drumming, and gardening. The Best Buddies program and Unified Theatre compliment these programs. Students who have experienced trauma and missed instructional time are provided. Individualized support through Bridge services where academic and social/emotional support is available throughout the day. Students are able to move between attendance in their typical classes and accessing this support. Parents have access to their child's academic record through PowerSchool, as well as teachers' webpages and Google classrooms. ListServ Blasts, the PTSA Focus Newsletter and the school website supply information on school happenings to the community. Student attendance is carefully monitored in accordance with the State Board of Education guidelines. When needed, meetings are conducted with the student, parent, counselor, school social worker, and an administrator to devise a plan of action to address attendance concerns. Joel Barlow High School reaches out to parents through organizations such as the PTSA, which meets monthly.

Active parent-led booster clubs support our sports teams. Our Easton-Redding Community Care Coalition has an active parent group that collaborates with the school toward the common goal of keeping our students safe and supporting healthy living and wellbeing.

Our Mental Health First Aid trainer has provided opportunities for parents to receive this training as well as numerous students. Our counseling department hosts grade-level coffees for parents. Each coffee focuses on a topic of interest, such as transitioning to the high school and the college admissions process. Our Open House, Program of Studies night, and Barlow Palooza showcase are additional opportunities for parents to learn about the school and partner with us in supporting all students.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Regional School District #9, Joel Barlow High School, works to reduce ethnic, racial, ethnic, isolation through a variety of programs. Six students from the towns of Easton and Redding attend the Fairchild Wheeler Interdistrict Magnet School in Bridgeport. Five students, currently enrolled at Barlow, attend the Regional Center for the Arts program as part of their Academic day. Three students attend the Center for Global Studies in Norwalk, one attends the Bridgeport Military Academy, two attend the Trumbull Agriscience School, seven students at Abbott Tech in Danbury, and eight students attend The Academy of Information Technology and Engineering in Stamford. Cooperative Educational Services facilitates an open choice initiative called Project Choice. Bridgeport students apply and are chosen from a lottery to attend Easton schools and Barlow through the Project Choice program. This year seven Bridgeport students are enrolled at Barlow. Our faculty, working through the curriculum, extracurricular activities, provides many opportunities for our students to interact with students throughout the region, the state, and beyond. A significant number of students participate in debate tournaments, traveling to Boston, Danbury, Fairfield, New Haven, Stamford and other diverse communities to compete. Our World Language Department continues to support several experiences and activities, including the Spanish Immersion Community Project with Danbury High School and a French student exchange program with a school in Orleans, France. Students enrolled in the Drawing course combine the skills of foundational portraiture with compassion, and the desire to create meaningful change, when submitting portraits to the Memory Project each spring. The entire staff will engage in anti-bias training throughout the 2020-2021 school year. Finally, the Unified Sports teams provide another experience for our students to work with diverse populations

Equitable Allocation of Resources among District Schools

Allocation of resources is determined through an annual process of developing each school's operating budget in the district. Budgetary decisions are guided by the district's strategic commitment to academic excellence, character education, personalized learning and community involvement. All teachers provide input to their principals who work collaboratively with the Director of Finance that reflects each school's mission. The budget is proposed publicly at meetings conducted by the Board of Education, where members of the public are invited to provide input. Allocation of resources is discussed at monthly Board of Education meetings. Expenditures are balanced to sustain all academic and non-academic programs and determined in a manner that ensures full participation by members of the staff and full transparency to the community.
