Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

NOTE: To protect student privacy, gender counts are suppressed (*) when fewer than 6 students enrolled in the district identify as non-binary.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

Number of students in 2019-20 qualified as truant under state statute: Fewer than 6

Number of school-based arrests: 0

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

National Public	34	32	36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ³ College readiness exams and benchmark scores are as follows:

- SAT® - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT® - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP® - 3 or higher on any one AP® exam
- IB® - 4 or higher on any one IB® exam

⁴ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: <https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf>

Indicator		Index/Rate	Target	State Average Index/Rate

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in the student group or the indicator is not applicable based on grades served.

Gap Indicators	Non-High Needs Rate ¹	High Needs Rate	Size of Gap	State Gap Mean +1 Stdev ²	Is Gap an Outlier? ²
Graduation Rate Gap	94.0%	86.2%	7.8%	9.8%	N

¹ If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

² If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Regional School District 17 continues the use of specific building-based Continuous Improvement Plans with measurable goals in the areas of language arts, science, and mathematics. We maintain common planning time for all teaching staff in Kindergarten through grade twelve to ensure active dialogue about a variety of data collected in the area of instruction. Using a variety of funding sources, the Regional School District 17 has established a professional development plan that interfaces directly with the Continuous Improvement Plans at each school. This professional development plan offers staff training outside the parameters of the regular school year schedule. The district continues to support directed professional development opportunities for staff that correlate directly with areas where instructional diversity is needed. Over the past nine years, all curricula have been aligned with applicable national and state frameworks for instruction. The district maintains a comprehensive coaching and intervention structure to assist in the areas of language arts and mathematics. In the area of special education, we continue to focus on increasing inclusion of disabled students with non-disabled students and have implemented formal pre-referral models at all schools. Ongoing collaboration between regular education and special education staff continues to support new initiatives in the areas of teaching and learning.

The RSD17 Summer Learning Website has been updated to provide extensive opportunities for parents to support their children at home in the summer. In addition, we have partnered with Effective School Solution clinicians at both the middle and high schools. The RSD17 Vision of the Graduate was created after several months of engaging with the community and a representative Steering Committee including teachers, students, Board members, school administration, parents, and town leaders. The Vision clarifies and unifies our goals for our students. It describes skills and dispositions across six elements which interact with each other and with curriculum content standards, facilitated by excellence in teaching, to support the development of a learner prepared to contribute and succeed. These traits have always been essential, and we can also imagine a future where preparing students to provide leadership, creativity, and ingenuity in an increasingly connected global world is as critical as it has ever been.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Regional School District 17 lacks the diversity that many school districts are fortunate to experience. To counteract this, we intentionally plan, design and initiate various cultural awareness methods to broaden student perspectives about our diverse world. We refined our English-Language Arts, Social Studies, World Language, and Social Emotional Curricula to promote multiculturalism because we believe it is important that all children feel included, represented and safe in our schools. Our curricular approach provides experiences that teach and promote acceptance and kindness and an understanding that everyone has a story. Diverse texts were acquired for K-8 classrooms that offer students "windows and mirrors" into diverse cultural backgrounds. The High School English department incorporated diverse literature and collaborated with the History department around shared texts/topics which address justice and equity. High School and Middle School Advisory Committees piloted research based SEL curricula and will adopt Second Steps (Middle School) and School Connect (High School) this fall. Second Steps will now be implemented in K-8 which will foster continuity and depth on topics related to social justice, equity, bullying, harassment, and acceptance. Our SEL team will continue to emphasize lessons related to acceptance, self-advocacy and empathy within the Second Steps Curriculum. Our High School is committed to prepare for the new Black and Latino Studies Course as we plan to onboard in the fall of 2022. In addition to curriculum measures, we have partnered with SERC to provide Professional Development for our administrative team and teachers related to diversity, equity and inclusion. SERC will assist our district in the development and implementation of DEI strategic planning. A multitude of classroom and assembly-based programs continue to be incorporated on an annual basis. RSD 17 Schools has reinstated participation in formal student exchange programs. Additionally, cultural awareness assembly programs are hosted by each school annually. Opportunities for secondary students to complete coursework at local colleges and universities continue to support the efforts of the district to include HK students in more culturally diverse learning environments.

Equitable Allocation of Resources among District Schools

Regional School District 17 enjoys the multidimensional support of the communities of Haddam and Killingworth. It continues to be the practice of the administration of the Region 17 schools and the Board of Education to ensure equitable allocation of all of the district's financial resources in a manner which meets the needs of all students. The budget development process begins in early November of each year with building administrators and department supervisors submitting budget requests to the central administration of the school district. These requests are reviewed in conjunction with the district's strategic goals, state and national requirements, and clearly stated objectives for the next school year. Various data points are considered to ensure that requested funding is in alignment with district initiatives as planned. Considerable efforts continue to allow the district to use financial strategies such as cooperative purchasing, re-appropriation of existing resources and a district-wide commitment to economic efficiency has resulted in effective outcomes.
